AMBASSADOR WILSON IS CALLED HOME

IRVINGTON MAN IS FOUND MURDERED

SHOT HEARD DURING NIGHT

Manuel Enos De Valle,
Well-Known Farmer,
Victim of Slayer

Sheriff Barnett Hurries
Scene; Speedy Arrests
Expected

MURDERED while asleep in his bed at an early hour this morning, the remains of Manuel E. De Valle, a farmer, were found in his home near Irvington shortly before 11 o'clock. Deputy Coroner Quinton of Irvington took charge of the body and found that De Valle had been shot behind his right ear. A revolver lying near the dead man was of a different caliber from the bullet which caused death and the official did not hesitate to assign the cause of death as murder.

De Valle was proprietor of the "Mile Ranch," on the county road between Newark and Irvington. It is said that for the last 15 years he has had trouble with his wife and that recently she left him. Later she returned to the home, it is said, and was there this morning.

SHOT IS HEARD

According to Deputy Coroner Bert Sargent, persons in the house heard a shot about 4 o'clock this morning. An investigation failed to discover its source and the murder was not found out until nearly noon today.

Deputy Sheriffs Bert Brown and George Wales left Oakland immediately upon being apprised of the facts and it is probable that arrests will follow.

The weapon found near the dead man was not loaded, according to reports which reached Sheriff Barnett, and the whole case has a mysterious aspect which will be fully investigated. The De Valle had two grown daughters and a son. The murdered man was well known throughout the lower end of the county.

Mary De Valle filed suit for divorce against Manuel E. De Valle on June 11 last, alleging cruelty and intemperance. The couple were married in September 23, 1907, and there is one son, 14 years old, Manuel, a daughter Mary, 13 years old, and another daughter, Phoenia, 11 years old. The plaintiff asks for \$30 support pending the suit. Mrs. De Valle claimed that her husband had struck her on numerous occasions while intoxicated and swore at the children.

Hayden Confers in Answer to Protest

WASHINGTON, July 16.—Thomas E. Hayden, special counsel of the government in the Duggs-Carmichael white slave case, against whom Democrats of California, through Senator Ashurst, have protested, conferred today with Assistant Attorney-General Graham. Hayden came to Washington from California to answer the protest and consult the Department of Justice concerning the case.

Will Oppose Hetch Riety Water Plan

WASHINGTON, July 16.—Permission was given today by the Senate public lands committee for Eugene J. Sullivan, president of the Sierra Blue Lakes Water and Power Company, to file a brief by next Wednesday in opposition to the Hetch Hetchy water supply project for San Francisco. Sullivan claims the city is not facing a water shortage and that other schemes than the Hetch Hetchy are

Consider, my son, if a maid say thee nay
There's always another, as pretty
and gay.
So why should you sorrow, when
jilted by one?
Just pass to another until you have
won.

At any rate that may have been Fritz Henshaw's motto, when after a short engagement to the charming Pauline Painter, a still shorter wedding of another fair maid ended in an elopement to San Jose yesterday morning and a hasty wedding in the garden city. The couple are now on a honeymoon to Honolulu and relatives and friends are still trying to get their breath and figure out how it all happened.

The pretty girl who finally became Gwendolyn Casey Henderson, niece of R. T. Casey of 6039 Claremont avenue, with whom she lived.

The rumor of young Henshaw's engagement to the attractive younger daughter of the Edgar Painters of Alameda was first heard about two months ago. Though not formally announced it was understood, and everyone seemed delighted at the prospect. Both families favored it warmly.

COLLIS P.'S NEPHEW AND WIDOW WEDDED

Henry E. and Arabella
D. Quietly Married in
French Capital

PARIS, July 16.—Mrs. Arabella D. Huntington, widow of the late Collis P. Huntington of New York, and Henry E. Huntington, the railroad man of New York and Los Angeles, were married today at the American Church in the Rue D. Berli.

Collis P. Huntington who died in August, 1909, left a fortune estimated at many millions which he bequeathed to his wife, his adopted son, Archel M. Huntington, his nephew, Henry E. Huntington, and his adopted daughter, Arabella Huntington, born in Detroit, Mich., now widow of Prince Francis of Hatzfeldt-Wildenburg.

LOS ANGELES, July 16.—The marriage of Henry E. Huntington to the widow of his uncle, the late Collis P. Huntington, in Paris yesterday, caused no surprise here, where the engagement of the two had been repeatedly reported and as such expected.

FIGHTS TAX ON RIPARIAN RIGHTS

Spring Valley Com-
pany Prepares to Pro-
test to Supervisors

Lands Assessed Sepa-
rately; Amount Doubled
to Cover Last Year

Protest against the assessment of riparian rights in Washington and Pleasanton townships are being prepared by attorneys for the Spring Valley Water Company, and it is expected that they will be presented to the supervisors, sitting as a board of equalization, Friday.

Under the new method of assessment in Washington township this year Assessor Horner, upon advice of Deputy District Attorney Walter Burpee, assessed the riparian rights on each parcel of land adjoining Alameda creek separately and then doubled the amount in order to cover the assessment of \$1,000,000 made last year and which is now a matter of contention in the Superior Court.

The water company in two suits filed last year sought to recover approximately \$75,000 which had been paid to taxes under protest on their assessment of riparian rights in the two townships, taking the stand that riparian rights were unassessable for the reason that the land tax covered the valuation.

ASSESSMENT DOUBLED.
Until this year the riparian rights were assessed in "lump sum" form and as the suits brought against the county sought to offset an assessment, County Assessor Horner took the attitude that the taxes for last year had not been paid and doubled the assessment.

In the event that the county wins the suits no pending the double assessment for this year will be withdrawn. If, however, the courts uphold the stand taken by the water company the assessment of last year will become invalid and the double assessment for this year will then be a matter of court litigation.

While the water company contends that its riparian right shall not be assessed, the method has been changed so as to cover the possible discrepancy. The separate assessment of riparian rights is a precedent and attorneys state that there are few authorities on the question. In Fresno county all lands have been assessed separately from agricultural lands where the rights have been subject.

TO PAY UNDER PROTEST.
Riparian rights along Alameda creek have been assessed at the rate of \$12 per linear foot on the grounds that these rights were sold to the water company by the land owners adjacent to the waterway. It will be at this rate that the company will have to pay taxes for this year. As last year, the payment will be made under protest while pending decision of the courts, as suits will undoubtedly follow a refusal of the board to reduce the assessment of each riparian acquisition to \$10. At this rate the company would pay on about \$800 valuation instead of on \$1,500,000 as heretofore.

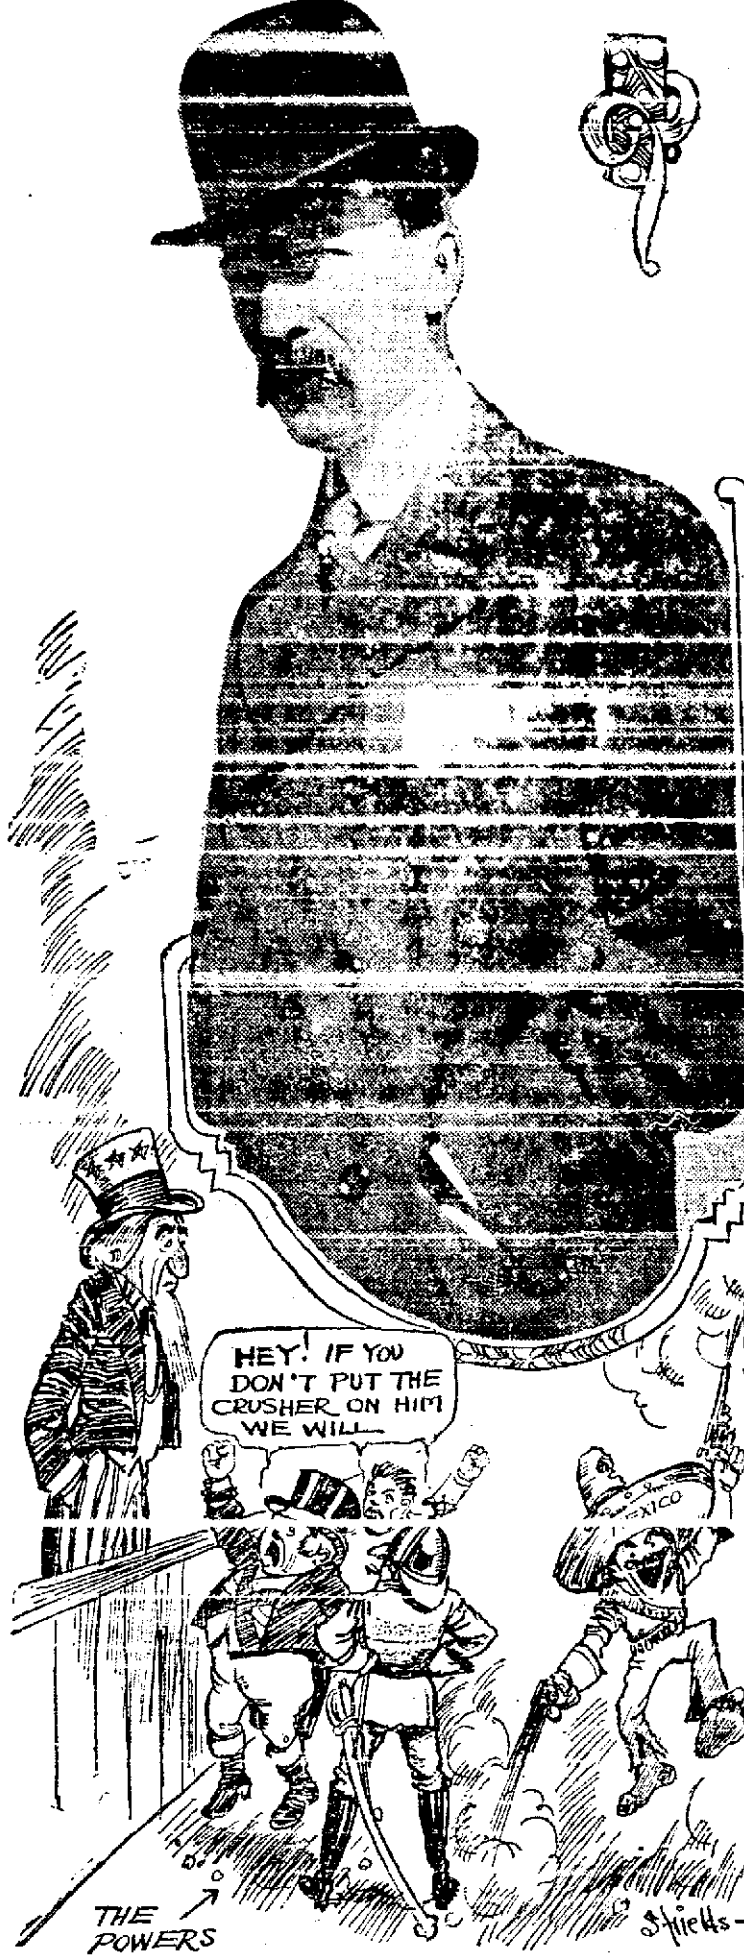

Should the courts sustain the contention of the water company Alameda county would have to refund last year's taxes on riparian rights and the taxes for this year would be in jeopardy, although the change in assessment this year is a means of protest for the county over possible loss of the suits.

In Pleasanton township gravel lands held by the Spring Valley Company have also been doubled in assessment, although there are scarcely any riparian rights in this township to assess separately.

CLAIM SALE WAS ILLEGAL.
There is a strong opinion among property owners in the lower end of the county that the sale of these riparian rights to the Spring Valley Water Company was illegal, said Assessor Horner today. "It is possible that action could be brought to force the water company to turn the water back into Alameda creek on account of damage done respective land owners."

"The water rights in these two townships are among the most valuable holdings of the water company, and it is certain that they are worth more than have been assessed and

HENRY LANE WILSON, UNITED STATES AMBASSADOR TO MEXICO, WHO HAS BEEN CALLED TO WASHINGTON FOR CONFERENCE.

Powers

BULLETIN.

TUCSON, Ariz., July 16.—"We pray you not to permit the foreign nations of Europe to make of the United States a collection agency to collect moneys that they have advanced or have agreed to advance for the support of the murderous Huerta government."

This was the petition wired to President Wilson today by Ignacio Pesqueira, the constitutionalist Governor of Sonora today.

BULLETIN.

MEXICO CITY, July 16.—Ambassador Henry Lane Wilson leaves here for Washington tonight in response to orders from the State Department.

WASHINGTON, July 16.—President Wilson, after an early conference with

Secretary Bryan today over the latest aspects of the Mexican situation presented by the inquiries of foreign powers as to the attitude of the United States, ordered Ambassador Henry Lane Wilson at Mexico City to proceed to Washington immediately for a conference.

Ambassador Wilson will hurry north on either the battle-ship Michigan or Louisiana from Vera Cruz, if any delay would be entailed by waiting for a commercial steamer. Officials here believe that the almost total interruption of railroad traffic between Mexico City and the United States will force the Ambassador to make his trip by water. He is not expected here before July 23, at the earliest.

SITUATION IS SERIOUS.

It is believed in official and diplomatic circles that an important announcement of the attitude of the United States in the pending situation will follow the ambassador's conference with the president and Secretary Bryan. The president's action today, following closely the unofficial announcement that some of the foreign powers which already have recognized the Huerta government were pressing for some indication of this government's attitude toward the continued disorders in Mexico, leads to that belief.

Secretary Bryan positively declined to add any information to an announcement of Ambassador Wilson's call to Washington. However, it is assumed that the administration desires to learn from the ambassador directly what influence activated the foreign diplomatic representatives in Mexico when they agreed to address their government with what amounted to a formal complaint

\$2,000,000 LEASE SIGNED FOR OAKLAND PROPERTY

Through the agency of the Frank K. Mott Company, the property of the University of California, on the southwest corner of Fourth and Washington streets, has been leased for a term of fifty-two years to a syndicate of local business men, who have today filed articles of incorporation at the county recorder's office, for the purpose of handling this property.

The lease is graduated in periods of ten years and although the exact figures are not disclosed at this time, it is known that the entire amount totals above ten millions of dollars.

The incorporators are Frederick Kahn of Kahn Brothers, A. S. Lavenex of the H. C. Capwell Company, Carl S. Plaut, president of the Blue and Gold Brewing Company, George Lavenex, of the Moss Grove Company, and Charles E. Snow. The company is being incorporated under the name of the "University Investment Company."

RAILMEN IS REACHED IN EAST

Ratify Plan to Settle Differences Under New Bill

Wilson Is Asked to Appoint Board of Mediation

NEW YORK, July 16.—Representatives of the railroad trainmen and conductors, in joint meeting here today, formally ratified the agreement to settle their differences under the Newlands bill, and sent a telegram to President Wilson requesting him to inform them whom he would appoint as a board of mediation and arbitration.

The new phase of the arbitration between the railroad trainmen and conductors, namely, whether the roads will insist upon presenting their grievances against the men while the latter argue for higher pay, was the subject of discussion early today between the conference committee of railroad managers and representatives of the union. The meeting was called at the request of President Lee of the Brotherhood of Railroad Trainmen and President Garretson, of the Order of Railway Conductors.

JOKER WAS FEARED.
Since agreeing to arbitration under the Newlands Act, the labor leaders have been scrutinizing the railroad's letter yielding to arbitration and the worried lest the words "submit to arbitration all questions" contain something in the nature of a joker. To determine if possible, just how broad a hearing the roads expect they asked for today's conference.

The Erie Railroad had not today withdrawn its refusal to be party to arbitration. Lee and Garretson insisted that the Erie must abide by the findings of the arbitration board.

JUSTIFY ERIE MEN.
During the entire negotiations from January to July 1, at which time a strike vote was canvassed, the Erie men were justified in their contention that whatever award is rendered by arbitration on other roads must also apply to the Erie.

The representatives of both conductors and trainmen for the Erie system are now in session in New York and will insist on the inclusion of the Erie in the proceedings. Unless the railroad agrees to arbitrate a strike on the Erie system might be ordered.

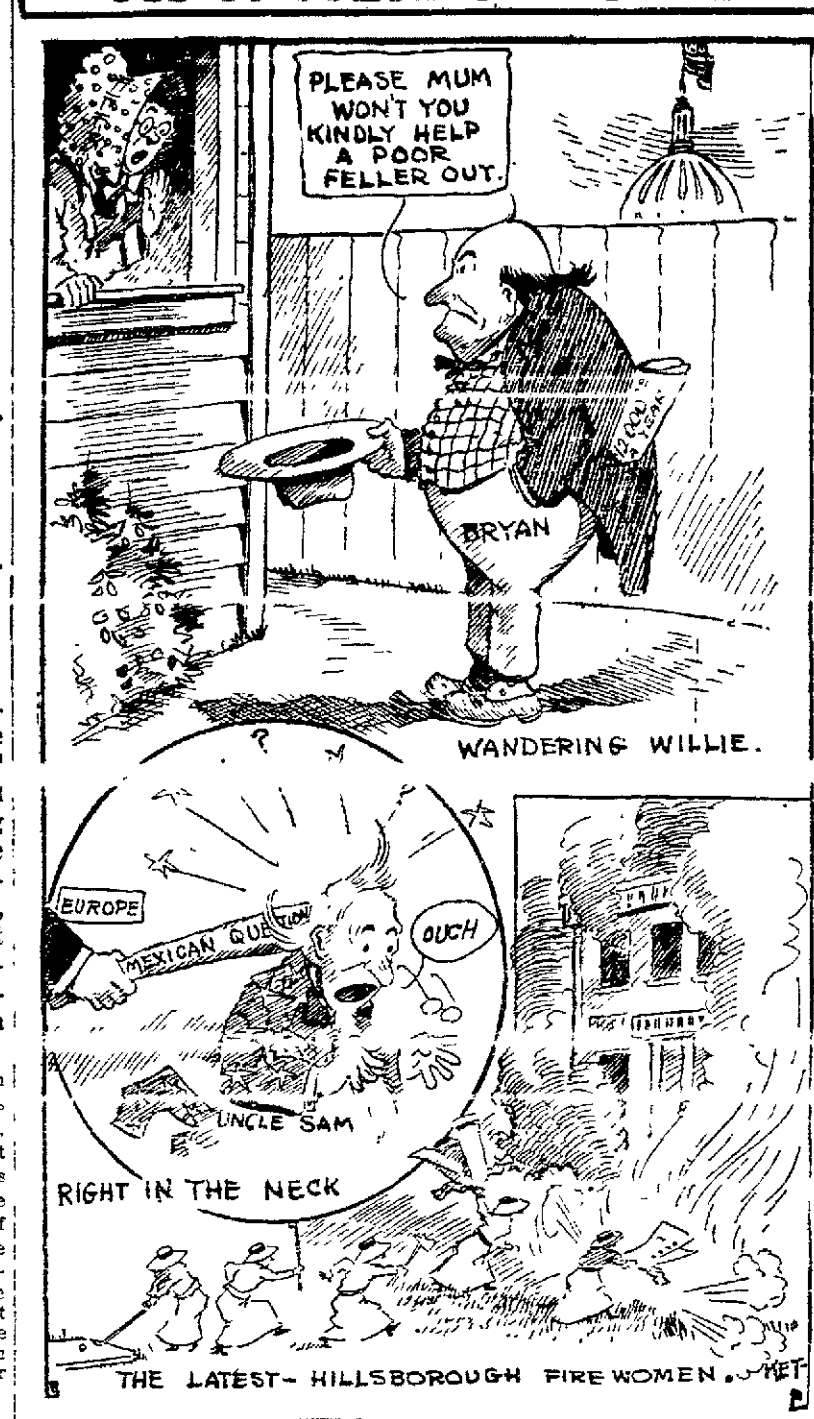

Strike Unlikely, Declares Scott

SAN FRANCISCO, July 16.—I do not think there is the remotest danger of a strike. There are a couple of matters still to be voted on by the men, but these we will know nothing of until the 27th of this month. The men in the trainmen's organizations are brainy. They will do nothing hysterical or foolish, I feel sure. I do not apprehend any trouble at all in settling this matter amicably.

This statement was made this morning by W. R. Scott, general manager of the Southern Pacific, following the announcement by the union that it would not strike.

The men maintain that electric service does not give them the same standing as steam service, and that this is the cause of the trouble.

EPWORTH LEAGUE ALLIANCE MEETS

Maple Hall Is Scene of Big Session: Work Discussed.

Representatives of the Epworth League of the Alameda County Alliance met in Maple Hall last evening to receive reports from officers and plan the work of the coming months. O. D. Jacoby of the Shattuck Avenue church, presented the report of the present and past work.

The largest possible co-operation among the several leagues.

F. N. Kornhaus of the First church, Oakland, reported the activities of the Spiritual Work department. Miss Helen Burton of the same church outlined the new plans for recreation and general culture, urging that the leagues give attention to outdoor sports and games, such as tennis, boating and walks.

Percy F. Morris of the College Avenue church, Berkeley, outlined the scope of the department of Social Service, which is to give some attention to political matters as well as to reform measures and other lines of service.

Harry Finkle of Trinity Church, Berkeley, told of the aid given by the Alliance to the Seamen's Rest Mission of Oakland.

RALLY AT RICHMOND.
It was decided to hold the next quarterly rally of the Alliance at the First Methodist Church of Richmond on Tuesday, August 19. F. N. Kornhaus was made chairman.

Announcement was made by James L. McKernan, the secretary, of the recital to be given on Friday evening in the Berkeley High School auditorium by Professor Robert I. Fulton, dean of the School of Oratory of the Ohio Wesleyan University and lecturer at the summer session of the University of California.

The churches represented at last night's meeting were the First, Centennial, Grace, First, St. Andrew's, Twenty-fourth Avenue and Shattuck Avenue churches of Oakland, the First Church of Alameda, Coliseum Avenue and Trinity, Berkeley, the Marine Avenue of Albany, First Church and Wesleyan Church of Richmond.

WILSON CALLED HOME BY CHIEF

Conference Will Be Held on Situation in Stormy Mexico.

(Continued From Page 1)

WILSON'S MIND OPEN.
President Wilson has been an open-minded on the subject and is thought to feel himself bound to adhere to the policy he announced early in his administration of lending moral encouragement only to such governments in Latin-America as were founded on constitutional law and practice. It is understood that he is ready to give due weight to any representations Ambassador Wilson may care to make.

The president has had the benefit of private reports from several of his personal friends who have traveled in Mexico recently, but those were unofficial and not sufficient to form the basis of formal attitude if there were to be any change in policy.

Secretary Bryan was asked if the coming of Ambassador Wilson to Washington would change his projected lecture tour. He replied:

"The newspapers might have assumed that my lecture dates would not interfere with business instead of assuming that they would. All my lecture dates were made subject to cancellation."

REBELS IN FEAR.
DOUGLAS, Ariz., July 15.—Advises that foreign governments were bringing pressure to bear at Washington to induce the United States to interfere in Mexico created considerable apprehension among the constitutionalist government officials of Sonora today and caused them to issue a statement that the rebels throughout Mexico have always treated Americans with the highest respect.

The constitutionalist representatives on this side of the boundary said that their greatest desire was to prevent foreign intervention.

"We submitted to temporary defeat in Oregon's retirement from Guaymas at the request of the foreign 'neutral' state and today's order."

"On the other hand General Ojeda has been doing everything in his power to antagonize Americans especially Huerta is losing and wants to force intervention. We do not."

THREATEN REBELS.

TUCSON, Ariz., July 16.—By threatening to send a landing party against them, the commander of the American gunboat Bufalo frightened off a rebel force which had announced its intention of disarming Americans at Los Mochis, Sinaloa, according to local advices received here today.

BRIBERY CHARGE IS REMOVED: NO EVIDENCE

Charges of alleged bribery, which were preferred against Christian Christianson a week ago, following his arrest by E. H. Sherman of the motorcycle squad for speeding, were withdrawn today by District Attorney Hines on the grounds of insufficiency of evidence. The officer reported to the district attorney that Christianson, who had been arrested for speeding, had tendered him \$5. The defendant maintained that he thought that amount would be sufficient to bail a local doctor, who was arrested near Livermore and against whom similar charges are pending, his only other insurance.

APPROPRIATION MADE FOR BIG CELEBRATION

An ordinance was passed by the city council this morning appropriating \$5000 for the celebration by the Native Sons of Admission Day in Oakland. The money is to be used largely in the permanent decoration of the shores of Lake Merritt. Harry G. Williams and J. J. McElroy, members of the grand lodge, presented the measure for the appropriation to the

INDUSTRIAL LAWS WERE LOBBIED

Mulhall Describes How Annual Fund of \$700,000 Was Used

Suggested to Postal Authorities to Investigate Defense Council

WASHINGTON, July 16.—A fund of \$500,000 to \$700,000 a year, raised by the National Council for Industrial

legislation that the manufacturers did not favor, was described to the Senate lobby committee today by Martin M. Mulhall. Mulhall testified he had no personal knowledge of the existence of such a fund, but declared that a collector for the organization had recently given those figures to the New York World.

"I often have thought and have suggested," said Mulhall, "that the postoffice department, if it were investigated, I feel that the gentlemen

counting for the money collected. The committee did not question Mulhall further on the subject. Mulhall swore that money had been paid to him from the fund for political purposes but did not explain what the purposes were."

TARIFF COMMISSION.

Martin M. Mulhall brought the story of his lobbying activities for the National Association of Manufacturers up to 1908 before the Senate committee today and testified about the work of the association in promoting a tariff commission.

The association wanted Miles and Schwedman on it and wanted to control it themselves," Mulhall testified. He did not explain who Miles was. Schwedman was secretary to President Van Cleave of the association.

James A. Emery, counsel for the manufacturers, wrote Mulhall on January 16, 1908:

"Doubtless you know we had a tussle on the floor of the House last Saturday, where an attempt was made by the Democrats under cover of an amendment to a tariff provision of the revised statutes to enact some of the worst features of the extreme tariff legislation now before the judiciary committee. Our friends stood firm and the attempt to make campaign plunder was abandoned in the most admirable way, and, happily, a Democratic Senate of Kentucky, took the chief part in the defense of the law and against the proposed amendment."

CONTROLLED MACHINE.

Another letter from Mulhall, written in Indianapolis on June 17, 1905, to Schwedman at St. Louis, reported how Mr. Watson had a large majority of the machine under his control.

"The convention of the miners will be held here on the 1st," it continued. "They are entirely captivated by Mr. Watson and his machine. Three of the district presidents from the anthracite districts are my personal friends. I feel I might be able to do good work through these gentlemen and it is too bad we are short of funds when the convention is coming with the opportunities for us."

On January 19 Mulhall wrote Schwedman: "Mr. Watson, Friday told me that if there was any danger of any class legislation being brought up while he was absent from Washington to have Mr. Emery see Senator Hemenway. He also told me to write Emery and say that Speaker Cannon would recede him at any time and he could talk freely and fully to the speaker and that everything would be all right."

FORAKER WRITES.

In January, 1908, Mulhall received a letter from former Senator Foraker suggesting that he visit Cincinnati "for a short interview." He testified that he made a written report to

THE ALWAYS BUSY STORE SOON TO OAKLAND'S LARGEST STORE NOW AT 12TH & WASHINGTON

The Crockery

We have decided to temporarily discontinue the China and Glassware Department, but within a year will again install this line of merchandise in our new store. The goods on hand will not be carried into our new store. The department is to be entirely closed out—literally EXTERMINATED. As moving time is almost here, quick action is imperative. Everything must be sold at once.

And Glassware

The price-slaughter begins tomorrow. Come and see the wonderful bargains in Dinner Ware, Cut Glass, White China, Silver Plated Ware, Glass Ware, Bed-linen, Crockery and Kitchen utensils. All goods have been marked at a fraction of their original prices. Profit or loss cuts but little figure now. Everything must go.

Department To

This is not an ordinary sale. It is an absolute closing out of a very large department. The goods are all of sterling quality. They were carefully chosen and shrewdly bought. Original prices were remarkably reasonable. Now every consideration of profit or value has been sacrificed to that of swift selling.

Be Sold Out

Get here early—an opportunity like this doesn't come oftener than ten times in a hundred years. You may never again have the chance to secure equal bargains.

Mulhall got back to Baltimore politics and pushed forward two years to January, 1910. In a letter to L. H. Scott, of the Builders' Exchange of Baltimore, he wrote:

"The situation in Baltimore politics is the rottenest of any city in the United States. Tammany Hall in New York has never played such politics as are played at Baltimore, for Tammany goes encourage an active pushing, fighting Democrat, but, on the other hand, if there is any clean Republican who attempts to come to the front in Baltimore, the gang that calls itself the Union League of Baltimore City immediately gets busy and attempts to destroy his reputation as well as his usefulness to the Republican party."

apparent at the wedding of Miss Janet Painter, the elder daughter, and Dr. Philip Bliss which took place at the Painter home a month ago. Fritz Henshaw, was not present, and to all inquiries about him Miss Pauline shook her pretty head and said she "didn't know." The guests wondered. When they saw the marked attention which was paid to the winsome bud by one of the ushers at the wedding they did not wonder so much, but still it was thought that the young lovers' quarrel was of the usual type and would soon be patched up.

In a week or so it was definitely known that the supposed engagement was broken off before it had reached the stage of an announcement.

But a young man on matrimony bent is not easily to be turned aside. This morning came the announcement of young Henshaw's marriage to Miss Henderson, at a young Lochinvar wedding at San Jose.

Henshaw is 22 and his bride is 19. Yesterday morning she told her uncle that she was going to visit Mrs. Henshaw at her summer home at Ben Lomond, where she has been formerly entertained. He took her to the train, but instead of Ben Lomond and San Jose was her destination. There she met Henshaw. They were wed in the Catholic church there, and this morning he took the bride to his bride's uncle over the telephone.

TRAGGAGE IS TRACED.

Casely did not even know where they had gone on their honeymoon until he had his niece's luggage traced to the dock of the Sierra. Henshaw is the son of Justice Frederick W. Henshaw of the Supreme Court of California and is employed in the Union Savings Bank in this city.

He and his bride have known each other for some time, and have attended the same social affairs in the younger set. The romance was further fostered by recent visits of the pretty bride to the summer home of Mrs. Henshaw Sr. at Ben Lomond.

DELEGATES ATTEND BARBECUE S. P. R. S. I. GAINS MEMBERS

SAN LEANDRO, July 16.—The S. P. R. S. I. Society is now 7000 strong, according to the report of Grand President Mrs. Maria Adelaide Bettencourt B. de Sequeira Encarnacao, who spoke at yesterday's session of the S. P. R. S. I. convention in San Leandro. The membership of the society shows an increase of 1000 during the past year and 100 new members were organized. A full gathering of delegates attended yesterday's session and transacted much business. An enjoyable entertainment in the Portuguese language, given in the Best theater in the evening, was well attended.

Pleasure came before business at today's session. In the morning the delegates, grand officers and visiting officers were escorted to San Lorenzo Grove, where a barbecue was held. The picnicers wore their neat uniforms and the picnic ground presented a bright and lively scene. Music and dancing helped to pass away the afternoon. The business session will be resumed this evening in the Masonic Temple.

Some chronic sufferers from rheumatism are human barometers. They can recognize by the growing pains in their tender joints and muscles the slightest increase of moisture in the air.

Such a condition of supersensitiveness is always attended with thin blood. The watery, poison-laden fluid that fills the arteries must be built up and purified before there can be any progress toward permanent recovery. Dr. Williams' Pink Pills build up the blood and the pure, rich blood eradicates rheumatism from the system and restores the body to its normal state.

Get a box of Dr. Williams' Pink Pills today from your druggist, 50 cents per box, six for \$2.50, or from Dr. Williams Medicine Company, Schenectady, N. Y.

SUPPOSEDLY DEAD. HE STARTLES FRIENDS

SAN FRANCISCO, July 16.—Philip C. Muller, vice-president of the S. P. R. S. I. Society, who is one of the best known German residents of San Francisco, had the unique experience yesterday of persuading scores of friends that he was the real, live Philip Muller that they had always known, and not a ghost.

"The inert dead man you were talking of," Muller would explain when friends blanched at sight of him and stammered: "Why, I thought you were dead!"

It all came about through a mistake in Morse records. Philip Muller of 423 Jersey street shot himself through the heart. It was reported that the laundry official instead of the Jersey-street Muller had killed himself.

From Muller's home, 1055 Natoma street, all the way to his office at 55 Julian avenue, he was forced to explain the circumstances to wondering friends, who disbelieved when they saw him.

Friends visited the Muller home with messages of condolence all day yesterday, and even a driver of one of Muller's laundry wagons could hardly be convinced that his employer was still in the land of the living.

BUILDER OF STREET CAR LINE RADIALLY INJURED

SAN RAFAEL, July 16.—F. Rolando, the prominent San Francisco contractor who recently won a bonus of \$2500 by building the Santa Clara street extension ahead of the expiration of the time limit, is at Santa Clara hospital at Ross suffering from a fracture of the left leg and a bad wound on the head.

Rolando is a native of the home of a friend living at Rolando when he fell from the tree and was badly injured.

His skull is not fractured, but the wounds will keep him in the hospital for several weeks.

The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves but the child has to rely on the mother's watchfulness.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Central Drug Co., of Detroit, Mich., says: "We consider your Castoria in a class distinct from patent medicines and commend it."

Christy Drug Stores, of Pittsburgh, Pa., say: "We have sold your Castoria for so many years with such satisfactory results that we cannot refrain from saying a good word for it when we get a chance."

Jacob Bros., of Philadelphia, Pa., say: "We take pleasure in recommending Fletcher's Castoria as one of the oldest and best of the preparations of the kind upon the market."

Hess & McCann, of Kansas City, Mo., say: "Your Castoria always gives satisfaction. We have no substitute for it and only sell 'The Kind You Have Always Bought,' the original."

The Vogel Bros., of Minneapolis, Minn., say: "We wish to say that we have at all times a large demand for Fletcher's Castoria at all of our three stores and that it gives universal satisfaction to our trade."

Polk Miller Drug Co., of Richmond, Va., says: "Your Castoria is one of the most satisfactory preparations we have ever handled. It seems to satisfy completely the public demand for such an article and is steadily creating a growing sale by its merit."

P. A. Capdan, of New Orleans, La., says: "We handle every good home remedy demanded by the public and while our shelves are thoroughly equipped with the best of drugs and proprietary articles, there are few if any which have the unending sale that your Castoria has."

M. C. Dow, of Cincinnati, Ohio, says: "When people in increasing numbers purchase a remedy and continue buying it for years; when it passes the fad or experimental stage and becomes a household necessity, then it can be said its worth has been firmly established. We can and do gladly offer this kind of commendation to Fletcher's Castoria."

OPPOSE WATER DISTRICT PLAN

Washington Township Plans
Own Water District, Embracing
Alvarado Plant.

Residents of Washington township who are opposed to the water district plan under which the board of supervisors has been asked to call an election are taking steps to bring about defeat of the proposition and to form a water district of their own which will take in the Alvarado pumping plant and prevent the city of Oakland from drawing upon that source of supply.

Attorney John T. Nourse, a deputy in the office of Attorney-General U. S. Webb has been retained to handle the matter for those opposed to the municipal water district.

On July 7 the supervisors agreed to postpone calling an election for two weeks at the request of Supervisors D. J. Murphy and W. B. Bridge, who stated that their constituency desired

come up at next Monday's meeting of the board. It will then probably be decided whether or not the election is to be called. A week ago Mayor Mott appeared before the board and made a strong plea in behalf of the water district plan and that the election be called immediately so that the authorities could commence to carry out the scheme of obtaining an adequate water supply for the city.

LEGAL ASPECTS.

At the present time Chief Deputy District Attorney Leon Clark is looking into the legal aspects of the problem, as the board is granting the delay desired to know the status of the situation. In the event that the board decided to call the election it is likely that the district attorney will advise that action be not taken until after August 10, at which time the new state law covering such procedure goes into effect.

On August 10 also the Caminitti measure, providing for the forming of country water districts will also go into effect and under that law the residents of Washington township would be able to call an election of their own.

Supervisor Murphy said today that he had been given to understand that such a move would be made. If successful in the effort to call an election in the lower end of the county the matter would then evolve into a race between the two prospective districts and if the country section succeeded in establishing a district they would be automatically withdrawn from any district the remainder of the county might include.

Opposition against the municipal water district plan is strongest in Washington township for the reason that the residents fear that extra

Berkeley Man Is Held Up and
Robbed at Pistol Point by
Two Boys.

BERKELEY, July 16.—Two youths, their faces hidden by handkerchiefs, held up John Hendrickson at Parker and Grove streets last night at the point of a revolver and robbed him of a gold watch and a small quantity of money.

According to Hendrickson, neither of the pair was over 20 years of age. One of the footpads leveled a revolver at Hendrickson as they stepped suddenly out of the shadow of trees in the passing, while the other went through his pockets. They forced him then to proceed along the street, keeping their revolver pointed at him until he had gone some distance, then running away along a side street.

TO TALK ON EUGENICS.
UNIVERSITY OF CALIFORNIA.
July 16.—Dr. Romilda Paron, of the university department of hygiene, will lecture this evening at California Hall on "Eugenics Through Education and Legislation." The lecture is one of the series on public health matters given under the auspices of the public health department of the summer session. The public is invited to attend.

Graft made upon their source of supply, through the Alvarado pumping station, would overtax the supply.

INJUNCTION HINTED.

That opponents to the municipal plan contemplate injunction proceedings to stop the election has been intimated. Another method of taking the matter into the Supreme Court has been suggested by Attorney Nourse, who has conferred with City Attorney Clark. He would be for the board of supervisors to refuse to call the election. Mandamus proceedings could then be brought by proponents of the measure and the case threshed out through the courts. In this particular Attorney Nourse has expressed a desire to associate with the district attorney in supporting the supervisors in their action. Suit for a writ of mandamus would be the shortest way to carry the case into the Supreme Court.

"Whatever the outcome, the acquisition of the Alvarado property is immaterial," said Supervisor Murphy. "It would be inadequate in the long run and in event that the municipal water district is formed steps should be taken to insure a greater source of supply by demanding a share in the Hetch-Hetchy or some similar project."

THUGS ACTIVE; TWO MEN LOSE VALUABLES

SAN FRANCISCO, July 16.—D. W. S. Stewart of San Bernardino, was walking along the Embarcadero near Washington street, shortly after midnight, when three men suddenly sprang upon him from behind and threw him down to the sidewalk. Two of them sat upon him, while the third pulled two rings from his fingers and abstracted \$29 from his pocket. They then made their escape. Stewart then notified the Harbor police.

It took six men to accomplish the robbery of Garrett Palmer, of 583 Bush street, who was returning home about 2 a. m., when but a few feet from his hotel, he was attacked. The six surrounded him and threatened to kill him. One of the men held him while a second took \$7.60 and a scarf pin.

WINNIPEG EXHIBITION OBSERVES AMERICAN DAY

WINNIPEG, Man., July 16.—American's day at the Winnipeg industrial exhibition was observed yesterday when thousands of little silk American flags were worn on hats and in buttonholes. Union Jacks were worn in friendly rivalry to indicate that on that occasion Stars and Stripes were guests of Union Jacks.

All music was American airs.

SHOOTING STORY PUZZLES POLICE

Bartender Shot in Right Hand, Alleges Accident; Young Woman Released.

SAN FRANCISCO, July 16.—M. Morgan, a bartender employed at the Comstock, a resort at 545 Pacific street, was shot in the right hand and painfully wounded at an early hour this morning under mysterious circumstances. Although Morgan claims that he himself fired the bullet accidentally, he admits the shooting occurred in the apartments of Lulu De Van, a former dance hall girl at the Brighton, 857 Montgomery street. Miss De Van, on the other hand, while not denying that Morgan visited her, says she heard no shot fired and knew nothing about the occurrence until detectives arrived and took her to the headquarters.

At 6:30 this morning Morgan staggered into the Harbor hospital faint from loss of blood and with his clothing crimsoned from a dripping wound. The police were notified and Morgan explained his injury by saying he had gone to Miss De Van's room, which is in the same hotel where he resides. He said the woman had been sick and he was anxious to know whether she needed anything. He says he took up the revolver to clean it and that the bullet was discharged. When Miss De Van was questioned by Detective Sergeant Dobbin she denied all knowledge of the shooting. The police then released both Morgan and the woman, as there was no evidence to show that a crime had been committed.

OAKLAND AD ASSOCIATION HOLDS WEEKLY LUNCHEON

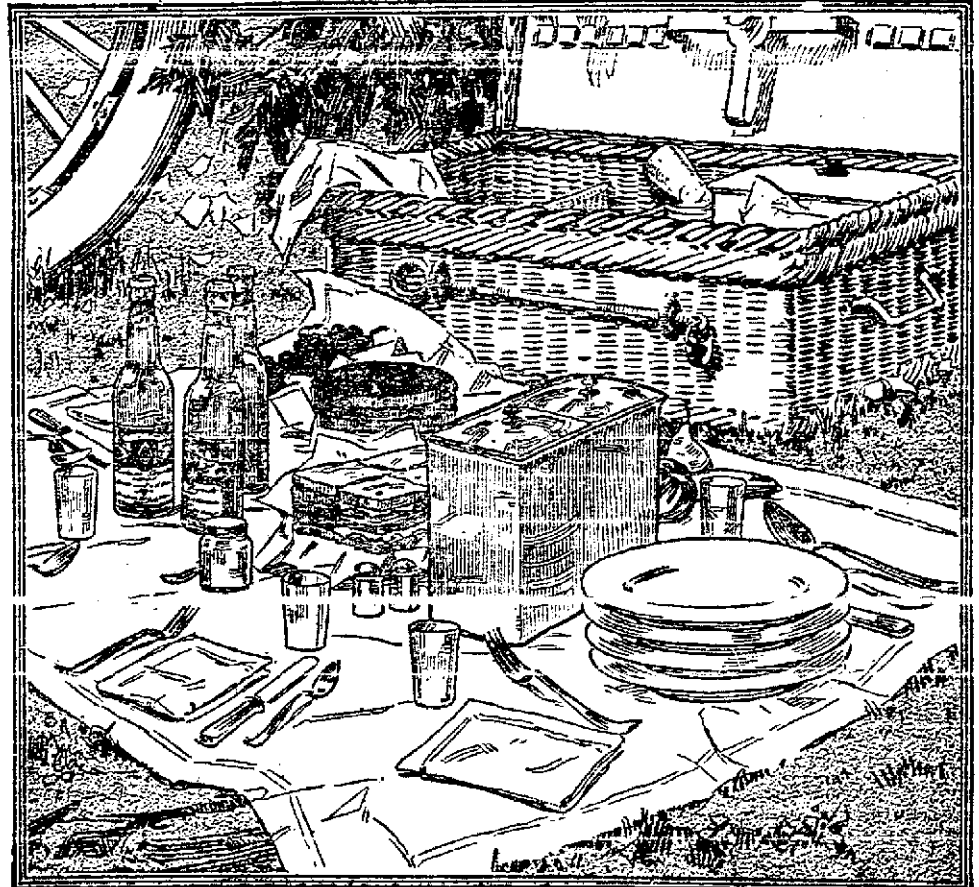

The weekly luncheon of the Oakland Advertising Association was held at the Forum yesterday. R. E. Cordell, chairman, introduced the speakers, W. H. Cunningham of the United Home Builders Company, who stated that the newspaper column was unequalled for clean-cut presentation of any worthy advertising to the public. He stated that Oakland has been selected by his company as a location for the home building operations because of the evident signs of growth of Oakland's commercial life and population. Extra Decoto and District attorney Hynes spoke on the "blue sky" law recently passed in California. Joseph Caine, managing secretary of the Oakland Commercial Club, gave a talk on "Co-operation." W. W. Crobinson won the first prize in the membership contest and was formally presented with a silver cup.

N. Y. BARBER CHARGED AS MURDER ACCESSORY

ATLANTA, Ga., July 16.—Fred Lump, a New York barber, was charged with being an accessory in the alleged murder four years ago of Joshua B. Crawford, an Atlanta capitalist, in a warrant sworn out here late yesterday.

Miss Anna Crawford, wife of the capitalist, already is under arrest, charged with having murdered her husband by giving him narcotics. It is alleged that she and the New York barber formerly were intimate friends. The Crawford estate is valued at \$250,000.

Fels-Naptha Soap does the work of loosening dirt from clothes in cool or lukewarm water instead of leaving it for you to do on the washboard. With Fels-Naptha there's no backache, no long bending over the washtub.

Your clothes will wear twice as long, because boiling or scalding softens the fiber and rots the clothes. And they'll be whiter and cleaner.

LAVEAGA WILL SAID BY COURT TO BE VOID

SAN FRANCISCO, July 16.—The \$1,000,000 will of Maria de Laveaga has been made void by the decision handed down by the Supreme Court of California denying a petition for a rehearing of the contest of the will, which was declared of no effect by the lower courts in 1916.

The genuineness of the will was at no time called in question; but it was maintained that it was either copied or dictated, and the court held that as Miss de Laveaga was incompetent to write the will at the time it was made, it could not stand.

A divorce, alleged, and a sister, Mrs. Marie Cebrian, wife of Juan Cebrian, sued to break the will. It took 18 months to try the case, and the records, with arguments alone, filled 18,000 pages.

LEXINGTON CAR MEN'S STRIKE COMES TO END

LEXINGTON, Ky., July 16.—At a meeting of the Street Car Men's Union yesterday the agreement reached at a conference of officers of the Kentucky Traction company, representatives of the striking car men and Acting Governor McDermott was ratified and the strike officially declared off. By the terms of the agreement the company recognizes the union on the open-shop plan, agrees to take back all of the old men and pay the scale of wages formulated by the union. Car service will be resumed at once, with the former employees in charge of the cars.

PLAN DETAILS FOR BIG CARNIVAL

Italian-American League Will Start Contest to Elect Queen.

At a meeting of the committee in charge of the big street fair and carnival under the auspices of the Italian-American League of Oakland held last night, it was decided to hold a queen contest over the festivities during the five days' celebration in West Oakland, beginning August 25. The carnival will be held for the purpose of raising funds to fit up the clubrooms and headquarters of the league at Tenth and Clay streets.

Various other Italian societies have pledged their support and will take part in the program on different nights. The general committee is made up of the chairman of the various sub-committees and consist of the following members: Tony Maziotto, chairman of the general committee; George Ingraham, secretary; M. E. Egan, treasurer and chairman of the honor committee; Joseph P. P. P.

T. Rubino, chairman of the queen committee; Ray Felton, chairman of the grounds and concessions committee; Charles A. Calhoun, chairman of the transportation committee; James Fugazi, chairman of the parade committee; and J. H. Mahan, chairman of the illumination committee.

JAPANESE DIPLOMAT GIVES FAREWELL LUNCH

SAN FRANCISCO, July 16.—Dr. Juchio Soyeda, former vice-minister of finance in the Japanese Imperial government, and T. Kamiya, both of Tokyo, who are in this country investigating conditions relating to Japanese immigrants and the anti-alien laws, under commission of the Associated Chambers of Commerce of Japan, gave a farewell luncheon yesterday at the Fairmont Hotel in compliment to their American and Japanese friends in this city. There were nearly 100 guests.

The American ambassador to Japan, George W. Guthrie, who will sail for Tokyo today, was guest of honor, and Dr. Soyeda, in proposing a toast to Mr. and Mrs. Guthrie, indicated the Japanese hopes surrounding the new diplomat.

KILLED BY LIGHTNING

DOUGLAS, Ariz., July 16.—Four persons, composing an entire family, were killed by lightning at the Mababi ranch, fifty miles southwest of this point. Ranchmen arriving at the border today said that a ranchman, his wife and children were seated in a room when the bolt struck the adobe house, killing them instantly.

SCHOOL AND PLAYGROUND

MODEL PLAYGROUND BOYS TO GO ON HIKE

Carrying their provisions and blankets about 100 boys of the model playground at the University of California, will leave Saturday noon for a trip to Redwood peak, where the lads will sleep out of doors Saturday evening and will return Sunday noon. The excursion will be conducted by three playground directors. They are B. M. Jones, W. B. Ellington and Charles Elise. The expedition will cost each child ten cents.

Miss Mabod Ish, director in charge of the girls' division of the playground work, is planning a tramp to Redwood peak for Saturday, July 26, when about 100 girls will accompany the excursion.

Within the near future a tennis tournament will engross the attention of the junior and senior boys and girls. Tennis is one of the most popular sports for the senior children, who are becoming expert with the racket.

Volley ball and tennis are advocated in preference to basketball, which formerly was the leading outdoor pastime among the girls and boys. Croquet and baseball are played with great ease by the juveniles. The volleyball, basketball, tennis courts are constantly in use.

There is an average daily attendance of 200 boys and the same number of girls who frolic upon California fields, where the children are learning the methods of play.

TARRYTOWN, N. Y., July 16.—Fannie, a collie, which was a favorite with John D. Rockefeller, has found its way back to its old home on the Rockefeller estate after a journey of over 150 miles. The dog was owned by Irving L. Bryant, who formerly lived on the Rockefeller estate, but who recently moved to Lee, taking the dog with him. Fannie evidently got homesick and ran away.

PETALUMA MAYOR IS BADLY SCALDED

PETALUMA, July 15.—Mayor A. W. Horwege was painfully injured at the city's oiling plant yesterday and it was very dangerous. His injuries are very painful but no ill results are feared, although he will be laid up for some time. He was badly scalded on the arms, chest and legs when a plug blew out of the boiler of the oiling plant, which is used to heat the oil and to generate steam for the plant and heat the boiler.

When samples of oil were being taken to send to San Francisco for analysis, Petaluma is unusually unfortunate in having her chief executives injured, for Mayor William Zartman is only now recovering from the awful burns received from exploding gasoline last October when he was killed and forty others were injured.

"THE TIGER" IS LATEST TERPSICHOREAN ODDITY

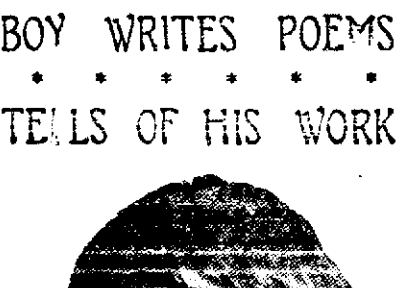

NEW YORK, July 16.—Urieel Davis, Newport dancing master who invented the "horse trot" for society there, leaves London this week with a lot of dancing novelties, among them "the tiger." Nobody knows just yet what "the tiger" is, but take it from Davis himself, it is "something fierce." He introduced a number of modern steps and has become very popular in Newport and Barb Harbor since he went there from Washington.

"The tiger" is coming with the assurance that it will live up to its name and be a worthy sequel to the "turkeys," "bunnies," "grizzlies" and other terpsichorean evolutions suggesting the zoo.

BOY WRITES POEMS TELLS OF HIS WORK

CLARK ASHTON SMITH.

—Blanc Condi photo.

That a writer need not necessarily write from inspiration is the opinion of Clark Ashton Smith, a 12-year-old poet residing at Auburn, who is the author of several volumes of poems. His work is being widely read by juveniles as well as grown-ups.

In speaking of his methods and inspiration he said: "I write both with and without inspiration, doubtless more often without. That which I consider the inspired work, the poems written with facility and under more or less mental urge and excitement, is usually, but not always, the most satisfactory. I don't think that any great work is ever done without great effort, effort conscious or unconscious. When the effort is largely that of the unconscious mind, we call it inspiration. But doubtless this effort itself is made possible by an influx of power from the great reservoirs of the universe; so inspiration, an 'in-breathing'—is really no misnomer."

LEAVES WHOLE ESTATE TO BAPTIST CHURCHES

PATERSON, N. J., July 16.—Rev. Conrad Vreeland, "the millionaire minister" of Echo Lake, left practically all of his estate to the North Jersey Baptist Association, of which he was the organizer.

When the North Jersey Baptist Association was organized he built and maintained with his own money four teen different churches. In his will he provided that the association use the income of his property for the maintenance of churches, ministers and missionaries of the Baptist church. He limited the salaries of the ministers of his fourteen churches to \$300 a year each.

ROMANCE BEGAN UPON PIKE'S PEAK

Newly-Wedded Pair Sail for Hawaii; Will Make Home There.

SAN FRANCISCO, July 16.—Among the passengers listed on the steamship Sierra which sailed for Hawaii yesterday were "Mr. and Mrs. Walter M. Kendall." The very name spelled romance to those who knew the couple and the circumstances which led to the wedding. The romance of the Kendalls began on Pike's Peak five years ago. Kendall and Marie Elizabeth Smith, daughter of Harry Wayne Smith of Denver were among a party that had gone to the summit to view the sunset.

View the sunset, Kendall and Marie were to take a trip to Hawaii. Kendall went away to the islands to forget his disappointment and to begin anew on building his fortune. Thus he accomplished on the island of Oahu.

Miss Smith, in the meantime, attended the wedding of a cousin at Lindsay, Kas. During all this time the charming girl turned a deaf ear to the numerous attentions paid her by her admirers.

Six months ago Kendall was handed a copy of a Denver newspaper, which contained a picture of Miss Smith, which created such a spell of homesickness in the young man that he immediately made plans for returning to Denver.

Kendall proposed within an hour of his arrival in Denver, but Miss Smith de-

clined to accept his offer. She had visited the South and many other places, and at the expiration of three months returned for his answer.

Proceeding to a satisfactory answer the wedding took place at St. Mark's church June 30. After a short sojourn in the Eastern States the couple returned to San Francisco a few days ago and registered at the St. Francis, awaiting the sailing of the Sierra for the islands.

JAPANESE IS BARRED FROM EASTERN SCHOOL

EAST ORANGE, N. J., July 16.—The East Orange board of education has declined to permit Kinoko Yorita, a Japanese butler, to become a pupil of the high school. He is 21 years old, and on that ground the board bases its refusal.

Yorita works for Rev. Dr. Dennis Workman and has enlisted the sympathy of his employer in his behalf. The pupils at the high school belong to wealthy families, and the board of education is accused of discrimination in barring Yorita.

Schlitz Brown Bottle Claims Authenticated

by Dr. Robert Wahl, President of the Wahl-Henius Institute of Fermentology. We reprint from his letter.

"Our observations, extending over the last twenty-five years, have convinced us beyond a doubt that exposure of beer to light has a very detrimental influence on its quality generally, but es-

We have tested beers repeatedly in this direction, placing the bottles into direct sunlight, and testing the same after one, two, three and five minutes exposure, found that the beer with three and five minutes exposure became undrinkable, on account of the peculiar odor developed.

The detrimental effect of light upon beer can be successfully counteracted by the employment of *brown or dark colored glass bottles*, and such bottles are *therefore recommendable*."

He quotes famous authorities to corroborate his opinion

Authorities on the subject of the detrimental influence of light on beer are:

C. Lintner, Lehrbuch der Bierbrauerei 1875, S. 343.

CUPID ENTANGLES SCHOOL QUESTION

Teacher Weds and Brentwood Trustees Oppose Retention of Job

BRENTWOOD, July 16. — Complications are threatened as the result of the wedding by which Miss Edna Heck of Brentwood became Mrs. Ralph Crowther during her vacation. Her offense, as considered by the board of trustees, being that she did not notify them of her marriage.

In chronological order: Miss Heck under the new school law was told that she might have the school for the coming term by the Brentwood trustees, of which Mr. Wallace is the leading spirit. No word was known of approaching nuptials.

Dr. Cupid got in his final work in San Rafael in the wedding ceremony. Trustees charge that Miss Heck acted in bad faith in not notifying them of her marriage, and the appointment of a successor.

Miss Heck has secured the services of former Mr. R. Jones of Martinez to look after her interests and declares that she will report to them when the school opens. Trustees say they are not losing any sleep.

Funds Set Aside to Pay Pensions for Mothers by County

PITTSBURG, Pa., July 16. — Commissioners of Allegheny county appropriated yesterday \$13,000 for the payment of pensions to mothers who have children dependent upon them. Before the money is available, Governor Tener, under the law enacted by the last Legislature, must name a board of trustees, by whose direction the money, together with Allegheny county's proportion of the \$100,000 appropriated by the state, will be expended.

Only the mothers of children dependent because of the death or desertion of their fathers are eligible to pensions, and the mothers must be qualified, in the judgment of the trustees, to administer the pension and care for their children. The appropriation is in the nature of an experiment and is to cover one year.

NEW REFINERY PLANNED AT BAY POINT, RUMOR

MARTINEZ, July 16. — The activity of a party of engineers in the vicinity of Bay Point is partial substantiation of a rumor that the William H. Crocker interests are about to establish an oil refinery on the site of the old Copper King smelter, where the product of the oil fields in the south owned by these interests will be handled. The property consists of 100 acres between the railroad and Suisun bay and is one of the best manufacturing sites along the bay shore.

BOY AVIATOR DIES

CHICO, July 16. — Thaddeus Kerna, boy aviator of Chico, who participated in the recent meet in San Francisco, was killed last night when his airplane fell 300 feet. He was giving an exhibition flight for the benefit of his neighbors. His mother watched the flight.

For You to Try

Lots of people keep on using coffee as a daily beverage, knowing that it is harmful, but are puzzled for something to take its place.

INSTANT POSTUM

fills the bill exactly.

This new food-drink tastes much like high-grade Java, but possesses the merit of being healthful, pure and absolutely free from the coffee drug—"caffeine"—which is the cause of much of the heart, stomach, liver and nerve disorders with which so many coffee drinkers are afflicted.

Fill out and mail the above coupon (enclosing 2-cent stamp for postage) and we will send you a miniature tin of Instant Postum containing enough for five cups.

Postum comes in two forms.
Regular Postum (must be boiled).
Instant Postum doesn't require boiling but is prepared instantly by stirring a level teaspoonful in an ordinary cup of hot water, which makes it right for most persons.

A big cup requires more and some people who like strong things put in a heaping spoonful and temper it with a large supply of cream.

Experiment until you know the amount that pleases your palate and have it served that way in the future.

ACKNOWLEDGE BOYS' RECEPTION IN HAYWARD

HAYWARD, July 16. — The hospitality extended by Americans to the Australian boys' club during its visit to the United States has been acknowledged in the following letter to J. E. Welsh, secretary of Hayward Chamber of Commerce.

"Dear Friend: It was good of you to extend to us the hospitality of your city. We are glad to know we are remembered in Hayward.

"Our league is making the headway and this winter is a specially active one for us—we have a third band preparing for the coming season. We are also organizing a large number of instruments into the street of 1924 which is easily the biggest boys' band on earth. We are busy now organizing a great tour of our country by the boys of Columbia Park Club, San Francisco, who will be with us in six weeks. We want to try and repay in some measure the wonderful hospitality extended to us by the people of America.

"Give my kindest regards to all the friends we made in your town.

"Yours sincerely,
"J. J. SIMON."

NATIVE SONS PREPARE FOR "BIG" CELEBRATION

SAN LEANDRO, July 16. — San Leandro Native Sons held an initiation ceremony last night and also discussed the part to be taken by local Native Sons in the Centennial celebration on Admission Day. The Native Sons here intend to build a handsome lodge home and a committee has been appointed to look out for a suitable site for the new building.

The following officers were installed: President, M. J. Ashwood; first vice-president, A. J. Ashwood; second vice-president, C. E. Hooper; third vice-president, R. D. Jones; recording secretary, C. Z. Jones; financial secretary, E. C. Barton; treasurer, W. E. Kelly; marshal, Joseph A. Schmitt; inside sentinel, W. H. Gorman; past president, L. J. Ashwood.

HORSE DASHES BUGGY AGAINST HAY CART

HAYWARD, July 16. — A runaway horse attached to a buggy belonging to the Cuticura Dairy of Hayward created excitement here yesterday afternoon, several persons narrowly escaping being run over. The horse broke loose from its tether round the stable in P street and careered round the block, retreating to the rear of the buggy. At the corner of B and Watkins streets the horse dashed into a hay cart, smashing the buggy and forcing the cart into the street. The horse was finally captured by a few cuts, bolted into the street and was soon secured.

APRICOT CANNING IN FULL SWING IN HAYWARD

HAYWARD, July 16. — The early season of the great heat of last week has resulted in the canneries being fully stocked with fruit, and hundreds of apricots are being canned.

For market. Direct in Hayward have been working at high pressure for the past few days to keep the fruit from spoiling. Apricot picking is now in full swing and the fruit in a number of orchards will be disposed of earlier in the season than usual. Satisfactory prices are being maintained for the crop.

RUNAWAY BOY IS ON WAY HOME

Otis Green, Who Came to See Golden West, Says "Never Again."

SAN LEANDRO, July 16. — "Never again," said Otis Green, a 17-year-old boy of Canton, Georgia, who ran away from his home in San Lorenzo, became a runaway and was taken back by his parents. He is now on his way home.

John said he was prompted to run away from home four months ago through a desire to visit the Golden West of which he had heard so much. He spent all his savings in the train journey across the States, and after spending some time in Oakland, secured work at the powder factory in San Lorenzo. As time passed and the novelty of the situation wore off, Otis became homesick and did not have the money to return home. He was taken back by his parents and is now on his way home.

He will be accompanied on the trip by a number of prominent San Leandro sportsmen, members of the local Gun Club. This hunting trip has been one of the most enjoyable outings of the Gun Club for years, and the sport is keenly looked forward to by the expedition.

ECZEMA COVERED ENTIRE SCALP

Spread to Body, Limbs, Back and Ears. If Scratched Would Bleed and Smart. Cuticura Soap and Ointment Completely Cured.

R. F. D. No. 2, Sunfield, Mich. — "I was troubled with eczema. It began with a sore on the top of the scalp, broke out as a pimple and grew larger until it was a large red spot with a cover or scab over it. This became larger finally covering the entire scalp and spread to other parts of the body, the limbs and back and in the ears. These sores grew larger gradually until some were as large as a quarter of a dollar. They would itch and if scratched they would bleed and smart. The itching would not let me sleep. A watery fluid would run from them. My scalp became covered with a scale and when the hair was pulled out it would come out with the scale. My scalp and body itched all the time.

"With two applications we could notice a great difference. My way of using the Cuticura Soap and Ointment was to apply the Ointment to the sores and all over the scalp, then after I would wash the sores and scalp with the Soap. In a month's time I was completely cured." (Signed) Mrs. Bertha Underwood, Jan. 3, 1914.

ARIZONA POSTMASTER REFUSES TO RESIGN

WILLIAMS, Ariz., July 16. — Postmaster F. M. Smith refused yesterday to resign, as requested in a message from Postmaster-General Burleson. The request resulted from complaints sent to Washington by George W. Gower, City Attorney here.

Gower charged tuberculosis, offensive conduct, opening of mail and graft. The latter charge consisted of an alleged failure to give odd cent change in official transactions. The town official cited a specific case where he charged a letter was opened.

"To resign would admit the charges true," said Smith. "I will let them fire me if they wish."

John H. Campbell was named to succeed Smith, who has been postmaster since 1908.

TUBERCULOSIS DEATH RATE IS ON DECLINE

TACOMA, July 16. — Speaking at the session of the Washington Association for the Prevention and Relief of Tuberculosis, Dr. Frederic L. Homan of New Jersey said there has been a consistent decline in the mortality from tuberculosis in the United States in the past few years.

"The tuberculosis problem includes housing reform, temperance, abstinence of child labor, a better understanding of sex hygiene, the reduction of hours of labor for women in continuous industries and improvement of sanitary conditions in factories."

W. K. McKibben of Seattle said recognition of the desirability of a careful clinical examination in this matter is now so general as to need only a word, he declared, to make it a reality.

WORKING HOURS CHANGED

CHICAGO, July 16. — Chicagoans are to work later and quit earlier than they used to, the judiciary committee of the city council has found, after an investigation, and yesterday recommended the passage of an ordinance changing the hours when bridges over the Chicago river shall not be opened for boats.

IDENTIFIES BODY AS THAT OF ERIC LEVEKE

SAN FRANCISCO, July 16. — The body of the man found floating in the bay on Monday near the sea wall with a bullet hole in the head was identified this morning as Eric Leveke, a baker 22 years old, who lived at 629 Clay street. The identification was made by Henry Christman of the Farmers' Exchange who declared that Leveke had been acting strangely prior to his disappearance ten days ago. He also gave the information that Nicholas Frost, a Third Street barber, had seen Leveke leaving a pawn shop with a revolver in his hand. It is believed that the man now so general as to need only a word, he declared, to make it a reality.

Good Reason for His Enthusiasm

When a man has suffered for several days with cold, influenza or other form of fever, and then finds a cure, it is not surprising that he should be enthusiastic in the praise of the remedy, and especially in the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails, and is indeed a most reliable remedy.

Vote City Hall Bonds

As we have already shown, the people are not asked to vote any new bonds, nor to add a dollar in principal to the bonds voted in 1909 and 1911 for harbor improvements, school houses and auditorium. They are asked only to add 1 per cent interest to the remainder of the bonds unsold, that were voted by the people two and four years ago. This must be done in order to enable the completion of the harbor work and school houses now under way, and the auditorium which is under contract. In the present state of the bond market a 4 1/2 per cent bond cannot be sold at par, while a 5 1/2 can be sold. It is wisely provided in the proposition voted on that 5 1/2 is the maximum interest, and if bonds can be sold at par at a lower rate of interest advantage can be taken of that situation.

This is a wise business arrangement which we are sure the people will ratify. The people need the school houses and auditorium finished and the harbor work done, and labor needs the millions it will earn in wages in doing the work.

Today we wish to present the matter of the new bonds required to finish and furnish the City Hall. That splendid building is externally complete and its interior is temporarily fitted for occupancy by the business departments of the city. That building must be finished and furnished now. When its construction began it was known that more money than would be available would be required to finish and furnish it. The city government had the choice of shrinking the plan, putting up a less impressive building, one less in conformity to the character of a first-class city, and less adapted to convenience and economy in the transaction of the public business. The city officers called in the representatives of all our commercial organizations, improvement clubs and business interests, to the number of two hundred individuals, and put the situation frankly before them, with the alternative plans, the impressive and splendid one, and the small, unimpressive and cheap one. It was decided by that representative conclave to advise the city government to put up the building as it stands externally finished today. What citizen looking upon that splendid structure would wish otherwise than has been done? It was believed, and we think rightly, that when the building was externally finished the civic pride and local patriotism of the people would respond to the necessity for a bond issue necessary to internally finish and furnish it. That is what is asked now. Grant it. The building is the people's. It is our building. It belongs to us, and every square inch of space in it is for our use and occupancy. Let us finish it as any citizen would finish his private house. Don't let it be said of Oakland that it put up the shell of a City Hall and lacked the enterprise to finish it. Don't let it be said that we have a yellow streak in us.

Now what position does our City Hall occupy amongst the municipal buildings of the United States? It is at the head of such buildings. In all the cities of this country there is no public building that equals it. Not Chicago, nor New York, nor any other city has a building that equals it in dignity, in nobility, as an advertisement of the people's enterprise. Its interior is provided with a pneumatic system and other conveniences not found in any other public building in the United States. As a show place for strangers it will be unequalled. From its noble rotunda to the highest point reached by its elevators it is perfect. It must not stand unfinished. Remember that in 1915 the Panama Exposition will be more easily and comfortably reached from Oakland than from San Francisco. Thousands of visitors will locate here. They will put in their leisure seeing Oakland. They will throng the City Hall, go to its summit, take in that magnificent view of our great city, and will go away remembering it.

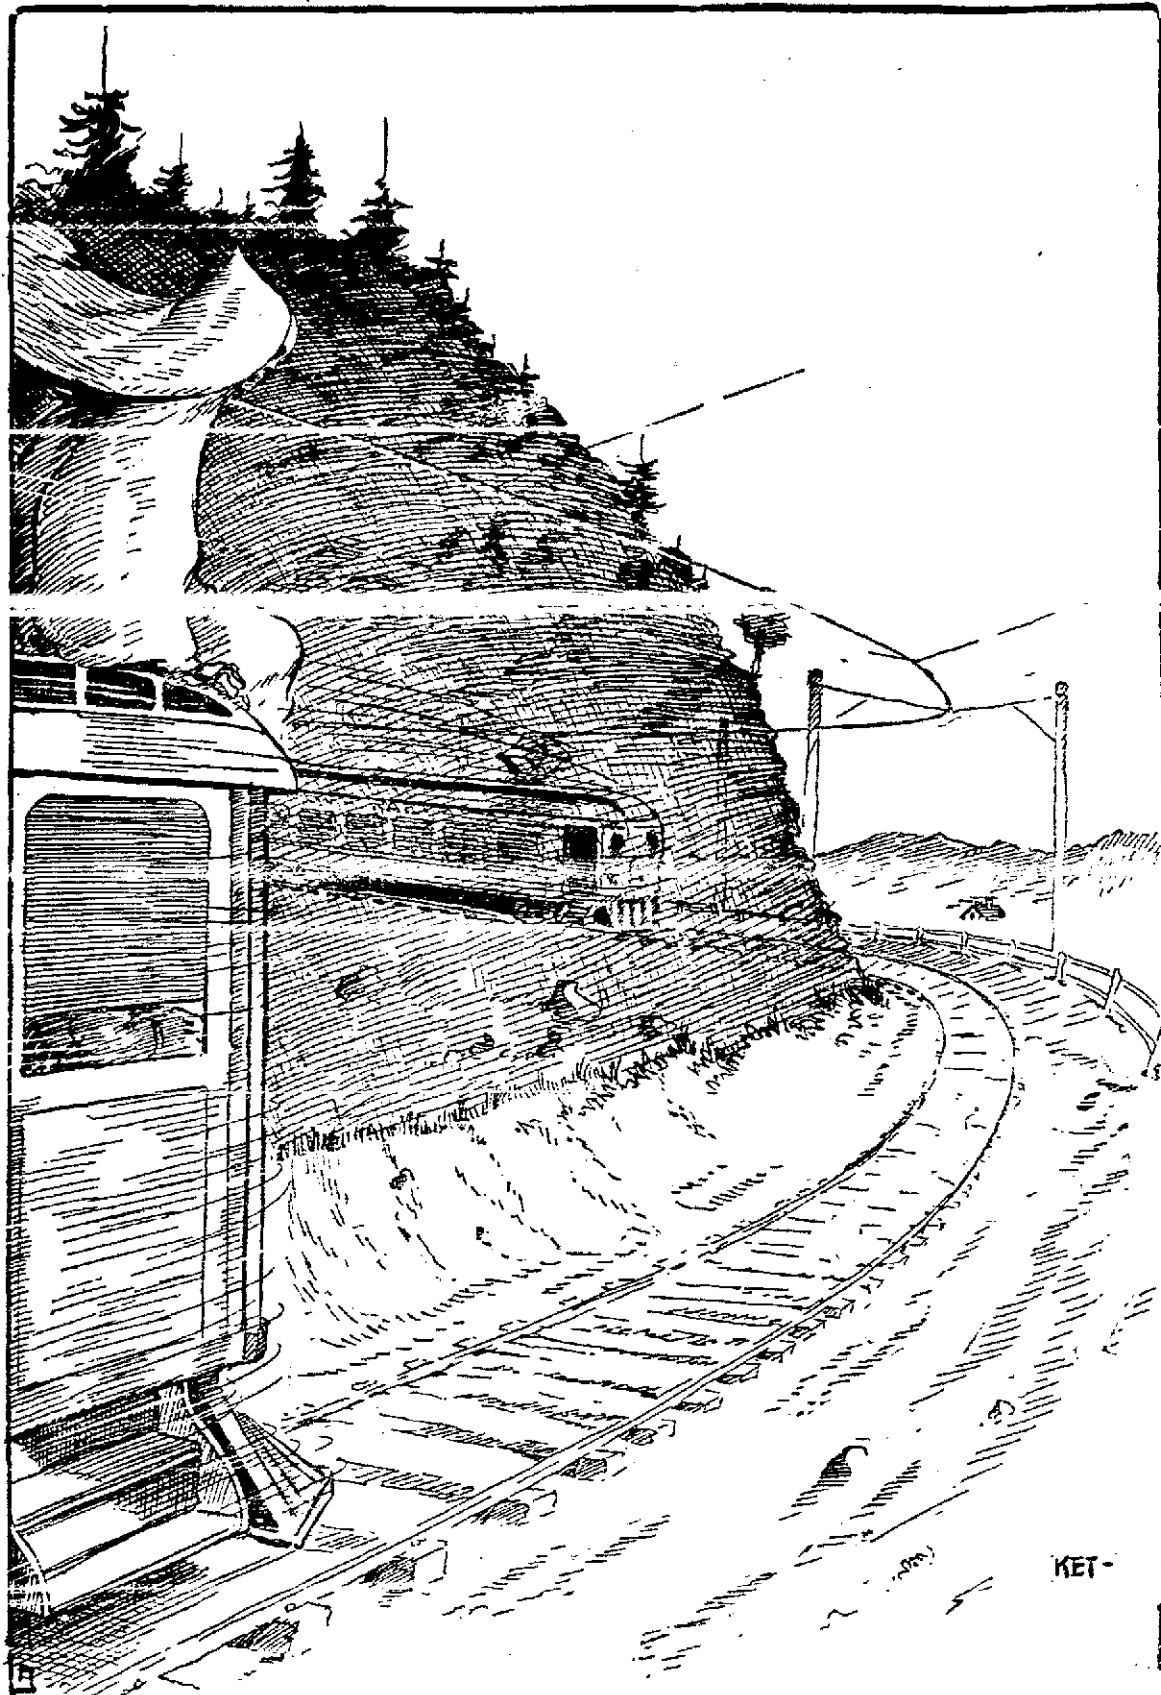

Put this down and stand by it. Our City Hall must be finished NOW. It belongs to us, the people of Oakland. It is our property and we have the sand to finish it. The work will pay into the hand of labor several hundred thousand dollars. Labor needs that money. We need the hall finished. It is a span of needs that will pull the City Hall bonds through the ballot box by a majority that will proclaim to the world, "There is no yellow streak in Oakland."

County Roads Closed to Auto Racing.

The action taken by the Board of Supervisors prohibiting speeding contests on county roads between motor machines cannot be too highly commended. The privileges which have been granted in the past have been accompanied with so many casualties that public safety demanded a change of policy. It was never intended that the county roads should be used as race courses for private gain. Underlying every application for a permit to use the county roads for the holding of speed contests between motorists there has been a very indifferently concealed scheme for money making by the promoters.

The influence of those speed contests which have been permitted on the county roads in the past has been vicious. They have tended to promote a mania for high speeding among all classes of motorists and are largely responsible for the increasing number of accidents attributed to that cause. Now that the Board of Supervisors has placed itself on record against issuing any permits for the future for speed contests on the county roads, it is upon a stricter observance by motorists of the speed limit by ordinance. The lawful speed limit is high for legitimate purposes of road travel, and it gives a sense of safety to the public generally. High speed contests, moreover, are tremendously dangerous to the roads and, therefore, should be suppressed.

The New Complexion in Balkan Affairs

Bulgaria is paying the penalty for her greed, arrogance and brutal disregard of the rights of her allies. She not only claimed as her own all the Turkish territory her troops had overrun, but attempted to take from Greece and Serbia by force the conquests they had made. She treated Greece and Serbia as vassal states, and attempted to carve out of the territory wrested from the Sultan a great state that would overshadow and dominate the whole Balkan peninsula. By her aggressions on her Christian neighbors she brought on a war in which she is being badly worsted. Her armies have been beaten by the Greeks on one side and by the Serbs on the other, the Roumanians have occupied a strip of her territory around the mouth of the Danube, and now Turkey is making offensive demonstrations in front of Constantinople. Apparently her arrogant pretensions are to be put down and her claws effectually clipped. It will be all the better for the peace of Eastern Europe.

Not only has Bulgaria's military glory been dimmed by the armies of her late allies, but her fair fame has been tarnished by the unspeakable outrages committed by the Bulgar soldiery on helpless non-combatants. Christians as well as Moslems have been tortured and murdered with savage barbarity. During the war against Turkey the atrocities perpetrated by the Bulgars equaled the horrible barbarities committed by the Bash-Bazouks in the last war with Russia. Europe saw with silent horror a Christian nation emulating the hideous cruelties of the most savage tribes of Tartary. Originally the Bulgars came from the region east of the Volga; tradition assigns a Tartar origin and a kinship with the Ottomans. They adopted the customs of Europe and the Christian religion, but retained many of the savage instincts inherited from a barbarous oriental ancestry.

When they turned on the Greeks and Serbs they made war after the fashion of Tamerlane. They outraged women, murdered old men and children and desolated the country with fire and rapine. They treated Greeks and Serbs precisely as they had treated the Turks. While the Hellenes and Serbs were far from blameless in their treatment of Moslem non-combatants, the Bulgars eclipsed them in barbarity. Now they were made to feel the edge of Christian savagery. Racial antipathy asserted itself, and the bloodthirsty instincts of the steppes found rein under the cross. Christians were the victims of hideous tortures and outrages worse than death.

But Bulgaria has been isolated and the spell of her military prowess broken. With a patient forbearance that does him honor King Constantine forebore hostilities, endeavoring to placate the rapacity of the Bulgarians and arrange a peaceable and equitable division of the territory conquered from Turkey. But while parleying the Bulgars continued their advances into disputed territory, trying by force of arms to expel the Greeks and Serbs and take possession. War followed as a matter of course. The honors of civilized warfare as well as the victory are with Greece and Serbia. Bulgaria will be lucky if she is not driven entirely from the shores of the Aegean sea and compelled to content herself with a strip of territory along her southern border. Roumania will probably insist on retaining Silistria, so Bulgaria's territorial area will not be greatly enlarged. The Bulgarian dream of dominating the Balkan peninsula and ultimately making Constantinople the capital of a powerful Bulgarian monarchy has been dissolved in blood. The pity of it is that the near eastern question is not settled with the defeat of Turkey, and the final expulsion

The Rees Harbor Plans

The meeting in the Mayor's office yesterday demonstrated the more than impolicy, the danger, indeed, of our commercial bodies rushing into endorsement of the Rees plans without knowledge of the fundamental facts.

The people voted bonds for harbor improvement on lines and plans well hatched for the purpose of having the harbor ready by 1915 for deep water ships and a wide commerce. The work in accordance with those plans is far advanced. The grantees of the city, the several railroad systems are preparing to improve their franchises and put their part of the harbor in readiness for immediate accommodation of deep water commerce. Upon this situation falls the eclipse of the Rees plans, impairing franchises, interfering with their development and intruding upon the city's grantees.

One would naturally suppose that plans that so disturb an established equilibrium were prepared for the purpose of expediting the completion of our harbor, for getting it sooner ready for deep water trade. This would be supposed to be the reason for endorsement by our commercial bodies.

But in the Mayor's office these gentlemen were asked what the Rees plans would cost and in what time would they be finished and made ready. None of them knew. Colonel Rees, being present, was asked the same question and made the same answer. He did not know either cost or time!

This is startling; so startling as to justify a demand for more light on this subject. The people do not propose that their harbor plans shall be tied to the precession of the equinoxes.

Our existing plans were satisfactory. They were feasible. They were repeatedly endorsed by the people who voted the money to carry them out. To displace them by plans that offer no estimate of cost or time is to exchange a solid certainty for a trembling and unsubstantial shadow.

Our commercial bodies should not take on pride of opinion or consistency on this subject. They endorsed these plans, ignorant of their cost and time. Why not admit this, in man-fashion and join the hunt for exact information that was started at yesterday's meeting?

PITTSBURGH, July 16.—Brisbane J. H. Carnegie Jr., a former prominent and wealthy resident of this city and a nephew of Andrew Carnegie, the ironmaster, was granted a divorce yesterday afternoon on the ground of desertion.

The suit of Carnegie was filed about a year ago, and a counter suit asking for a divorce was filed by the wife two months ago, in which she denied that she had deserted her husband, and in turn, not only charged her husband with deserting her, but declared that he had been guilty of illicit relations with Jeanette McKee, noted beauty of this city.

DISAPPEARS FROM OLD BELL HOME

Strange Hoodoo Seems Still to Cling to Mansion of Pioneer.

SAN FRANCISCO, July 16.—The old Bell home, on the southwest corner of Bush and Octavia streets, which will recall to many the death of Thomas Bell in 1892, the name of "Mammy" Pleasant, the trusted colored servant in the Bell family, and the publicity given the litigation over the estate following Bell's death, seems destined to keep in the public eye. Of late years the house has been called the Marcus Aurelius apartments, and for the past two years has been conducted as an apartment house and hotel by John G. Boyle and his wife, Marian Boyle.

Last Thursday evening Boyle and his wife mysteriously disappeared from the premises, the wife declaring at the time of their departure that she intended taking her husband to a sanitarium, and that she would return later that night or early the following day. Since that time

sight and no word has been received from them. Their personal effects remain untouched in the apartment they occupied. According to William Tomlinson, who is temporarily in charge of the property for Mrs. Bell, the Boyles owed Mrs. Bell in the neighborhood of \$2000 for rent at the time of their strange departure. Tomlinson declared that other bills owed tradespeople, the gas and water companies and help employed in the apartment house, would total about \$5000.

A Japanese servant, who found it impossible to collect his wages from either Boyle or his wife, has taken his case to the Labor Commission.

Mrs. Teresa Bell, widow of the late Thomas Bell, and owner of the property, declared last night that she had no intention of asking the police to apprehend her former tenants. "It would do no good to go after them," said Mrs. Bell. "I do not believe they have any money, and if I am right in this conjecture they have trouble enough."

Resolution Seeks Enforcement of Berlin Treaty for Jews of Roumania.

WASHINGTON, July 16.—A resolution requesting the Secretary of State to inform the House of the effect of the Berlin treaty of 1878 with respect to Jews in Roumania, has been introduced by Representative Moore of Pennsylvania.

His resolution would have the State Department report whether any communication has been had with Roumania or the Roumanian government regarding the treaty observance or regarding a naturalization convention between the United States and Roumania, and, if so, whether this country's interests in Roumania are being protected.

Clark Clark, speaker of the House of Representatives, has written accepting enthusiastically the presidency of the American Roumanian Jewish Emancipation committee.

ASTOR SPEAKS
In expressing his willingness to serve on the committee, Astor said: "I believe that this is a cause well worth enrolling with and shall do so. In Roumania the Jews are in a position of injustice to her Jewish subjects has long been a world scandal. There are 100,000 Jews in Roumania who have been forced to leave Roumania, and we owe it to them as citizens of our nation, as most of them are, to use every legitimate means in our power to bring about their liberation in Roumania who are being oppressed."

The Rev. Dr. John Wesley Hill, in accepting the office of third vice-president, wrote the committee: "I shall be very glad to render the cause any influence or help within my power."

Frank Telford, who was elected first vice-president, wrote the committee: "I desire to assure you of my appreciation for the compliment you have paid me. Being in hearty sympathy with the cause, I desire to do all I may of some service to it, and I wish you every success."

Congressman Francis Burton Harrison, in accepting his position of second vice-president, wrote: "I am glad to be identified in this movement with the distinguished gentlemen you have upon the committee, and shall do everything I can."

MONTEFIORE WRITES
Sir Claude Montefiore, the English statesman, who is taking a leading part in a similar movement in that country, wrote the committee: "I can but thank you deeply for the expression of opinion which has been conveyed to me by your committee. We in England are working away on the same question. We take every opportunity of bringing the matter to the notice of the government, and we have good reason to believe that if a European congress is convened to settle the affairs of the Jews in the East, three at least of the great powers will raise Roumanian question."

TWO SKELETONS CLUE TO BURIED TREASURE
WATSONVILLE, July 16.—The remnants of an old Indian burying ground have been discovered on George C. Cleveland's ranch on the shores of Lake near this city. Two skeletons were unearthed.

A hidden treasure hunt will be started as the result of the finding of the bones, as an old Indian woman, who lives near the Cleveland ranch, said that many years ago she saw a band of robbers hide \$25,000 near where the bones were found.

JOKES ABOUT DEATH AND THEN FALLS LIFELESS
CHICO, July 16.—Within five minutes after partaking of his noon meal yesterday, and incidentally remarking that he intended to go out dove hunting and get a mess of doves if it was the last act of his life, W. J. Journey, employee of the Diamond Match Company at Ramsey Bar was dead. He dropped dead on the spot where he made the statement. Journey was apparently in excellent health. He had not complained and was jolly and full of life up to the time he died.

LANE IS HOST
WASHINGTON, July 16.—In celebration of the 25th birthday anniversary of his birth, Secretary F. K. Lane, assisted by Mrs. Lane, held a reception yesterday in the west wing of the interior department for the 4000 employees of the department. The "birthday party" was attended by hundreds of prominent in the social and political life of the national capital.

A GOOD INVESTMENT
W. L. Mark, a well-known merchant of Whitehead, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving a letter from a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the rest of his entire stock of these medicines.

STUCKENBRUCK ANGRY IN FISH LAW DISPUTE
STOCKTON, July 16.—J. W. Stuckenbruck, one of the Assemblymen from San Joaquin county, takes exception to alleged utterances of Fish and Game Commissioner Frank Newhart of Sacramento in reference to his activities in the interests of a referendum vote against the license law for all who fish. Stuckenbruck proposes a joint debate between Newhart and himself on the plaza at Stockton the night of July 20. He declares he will answer all Newhart's questions and ask a few himself. Stuckenbruck, in a letter to Newhart, says he has been misrepresented.

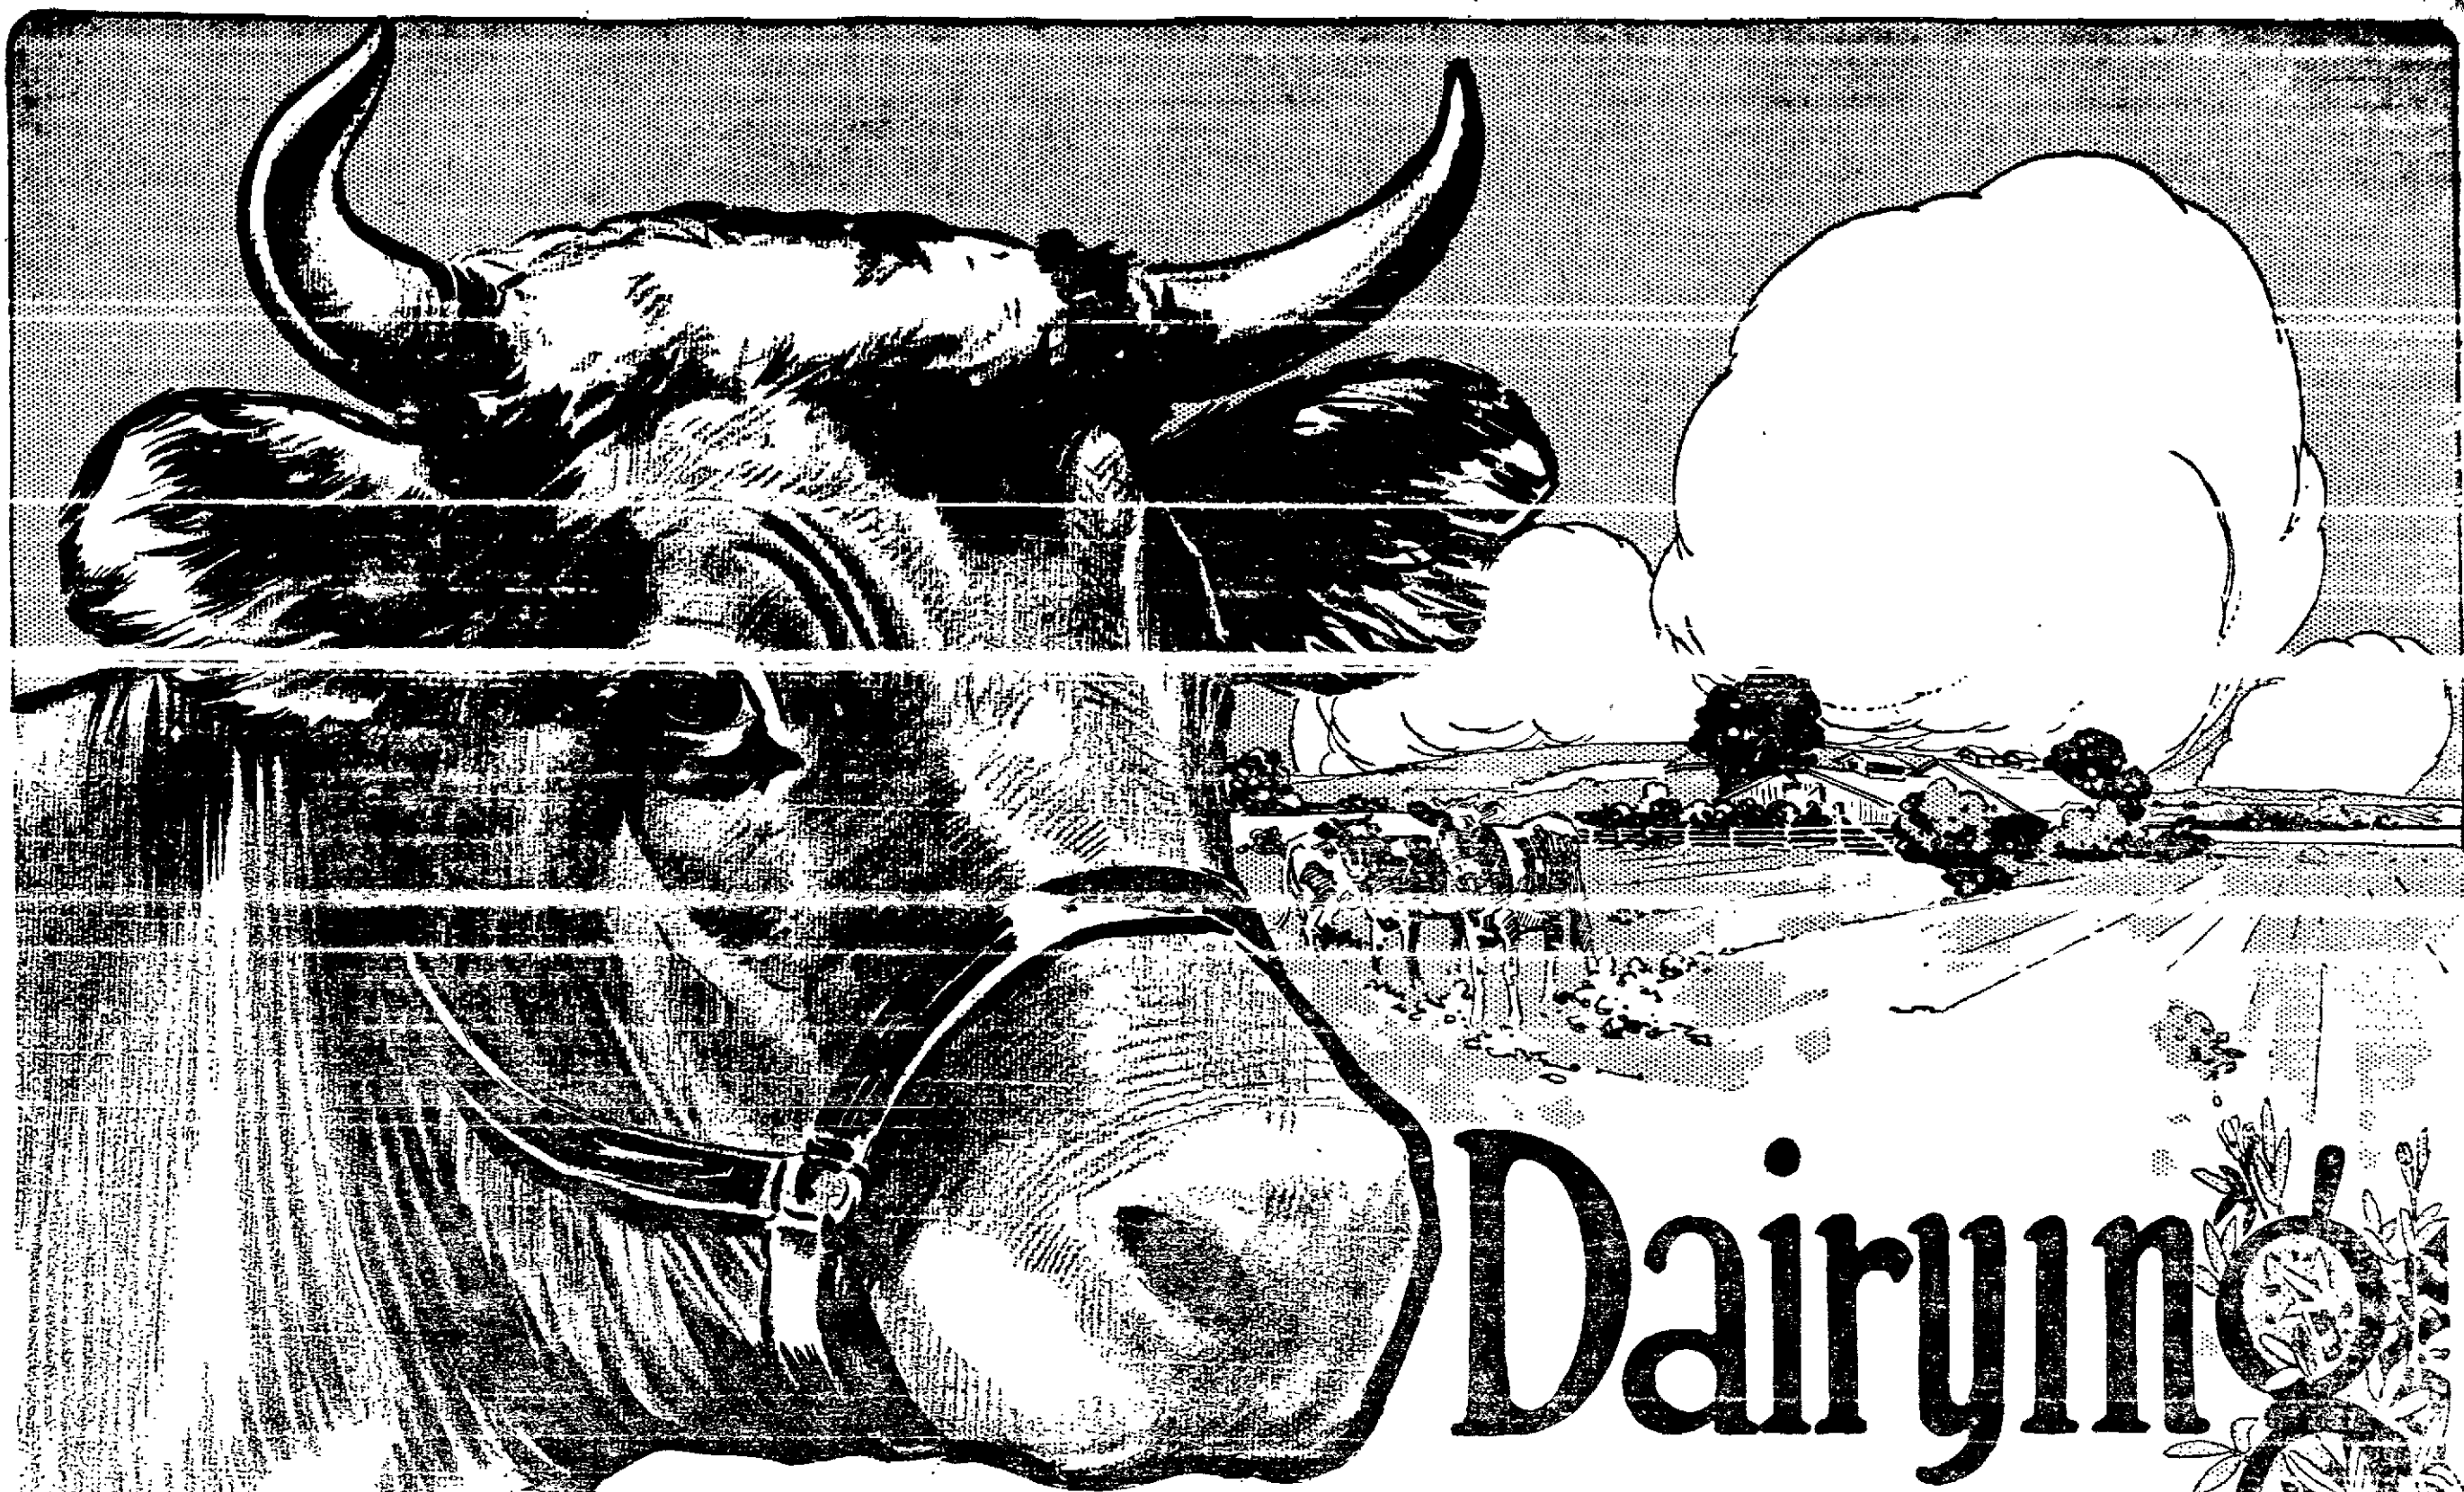

LEMONS FOR REWARD
SACRAMENTO, July 16.—Joseph E. Simmons, 29, and Helen Anna Siebe, 17, both of Woodland, were refused a marriage license here because of parental objections from home, the girl being under age. The permission was finally secured and the pair were married. This morning deputy county clerk Green, was refused the license, received a candy box filled with sliced lemons for interfering with Cupid. It contained a caustic note.

POSES FOR PICTURES AT DOORS OF PRISON
OSSING, N. Y., July 16.—Stephen J. Fullwell, former State Senator, arrived at Sing Sing prison yesterday afternoon to begin serving his sentence of from four to eight years' imprisonment imposed upon him for soliciting a bribe in connection with recent legislation at Albany. At the door of the prison he paused to allow photographers to get his picture.

Anything to fear," he said. "No right mind."

THOUSANDS ARE SLAUGHTERED BY BULGARIANS

BUTCHERS BURN VICTIMS ALIVE

30,000 Reported to Have Been

Saloniki.

Fleeing Troops Fire Villages; Crucify and Hack the Helpless.

ALONIKI, July 16.—Full confirmation of the reported sacking and burning of the Macedonian town of Seres by the fleeing Bulgarian troops and of the crucifixion, hacking to death or burning alive of many inhabitants, has been sent to the Austro-Hungarian government by Consul-General August Kral of Saloniki.

Three-fourths of the formerly flourishing town of about 30,000 inhabitants is a mass of smoking ruins, says the Consul-General, who has just returned here from Seres, where he thoroughly investigated the situation.

Another horrifying story of massacre reached here today from Doiran, a town 40 miles northwest of Saloniki. Muslims there have made a written declaration, countersigned by three local Bulgarian priests, that the Bulgarians slaughtered 30,000 Muslims who had sought refuge in Doiran from the surrounding districts.

ON TO ADRIANOPLE. The government is determined to push forward Ottoman troops as far as the straits of the Bosphorus, captured by the Bulgarians after a prolonged siege during the recent Balkan war.

It is expected that by this means the position of the government will be strengthened and consolidated and that it will be able to bring pressure to bear to compel the maintenance of the future frontier line between Turkey and Bulgaria from Enos on the Aegean Sea to Midia on the Black Sea. Turkey will yet be in a position to enforce the autonomy of the province of Thrace.

Whistle System to Regulate Traffic

SAN FRANCISCO, July 16.—For the greater protection of commuters from Oakland, Alameda and Marin counties, Lieutenant Matheson in charge of the traffic squad, this morning inaugurated the whistle system at the junction of Market street and Embarcadero. Two officers here will remain on duty throughout the day and until the crowds have departed for their homes. When a boat leaves and the commuters are passing from the ferry building along the width of the Embarcadero to Market street, all cross-town traffic will be stopped. No teams will be allowed to pass until the passengers have had their way. The cars on the loops will also obey the whistle.

JURY INVESTIGATES TILTON'S DEATH VERDICT EXONERATES VICTIM'S WIFE

Find That the Pistol Was Accidentally Discharged in Playfulness

BULLETIN. Declaring his belief that his brother had been murdered, Arthur S. Tilton, a special police

Francisco, visited the office of District Attorney Hynes this morning and asked that a thorough investigation be made into the death of Walter S. Tilton, who was shot by his wife, Mabel Tilton, last Monday night in the home of S. C. Hastings, 1520 Central avenue, Alameda.

ALAMEDA, July 16.—The coroner's jury in the Walter S. Tilton case was unable to determine at the inquest this morning whether Tilton, who was killed Monday night, accidentally shot himself or whether the pistol was discharged by Mrs. Mabel Tilton, his wife. A verdict of death from the accidental discharge of a pistol during a playful scuffle between the deceased and his wife was returned. Following this finding, Police Judge R. B. Tappan released Mrs. Tilton on her own recognizance and she was taken away by her mother, Mrs. Ivy Langhorne, and her friend, Mrs. Samuel Hastings. Her examination was set for next Tuesday.

Mrs. Tilton did not testify. Her pallid, twitching face and figure gave abundant proof that the woman was on the verge of a complete breakdown. Repeated hints were given by different witnesses that Tilton and his reputed wife were never married. This testimony was offset by statements that they were.

Mrs. Langhorne, the mother, was unable to tell what her daughter did during the interview, she was away from the mother's home at 24 Jerome street, San Jose. The mother said the daughter came and went out as she pleased. The mother apparently was not at all informed as to her daughter's general scheme of life and conduct. Hastings told her she was concealing something and that her testimony was not satisfactory to him.

MIGHT BE LOADED. The testimony regarding the actual shooting showed that Tilton had previously been showing the rest of the company with a paper gun and paywads. When he appeared with the revolver Hastings took the weapon from him and said, "It might be loaded," and laid the pistol on the mantle. Tilton struck an Indian cap on his head and caught up the pistol again. He handed it to Mrs. Tilton, or started to hand it to her, and the pistol was discharged. Tilton sank down to the floor.

Mrs. Hastings was in the bedroom and did not hear the report of the pistol. She heard Mrs. Tilton say, "My God, you've shot yourself." Later she heard Tilton tell his hysterical, screaming wife that she was not to blame.

Hastings and his wife denied that the quarrel had been drinking heavily. After the inquest was concluded Tilton's brother announced that he was not satisfied with the verdict and that he would lay the case before the grand jury.

DOWN TOWN MEETING CALLED. Members of the Down Town Improvement Club are to meet at the chamber of commerce tomorrow evening at 8 o'clock. The Alameda County Civic League has invited the club to meet with them and listen to discussions on the proposed bond issues and the invitation has been accepted. The regular meeting scheduled for tomorrow evening will therefore be held at the chamber of commerce instead of at the Hotel Crillon.

Women's Democratic League Invites Wife of Secretary

Mrs. Josephus Daniels, wife of Secretary of the Navy Daniels, is to be entertained by the Women's Democratic League of Alameda county during the coming visit of the secretary of the navy and his wife to this city. The invitation extended to her by the president of the league, Mrs. Edgar L. Ormsby, is accepted. Secretary Daniels is to be entertained by the prominent men of the city with a banquet at the Hotel Oakland on the evening of Saturday, July 26. The Women's League is planning to give a reception for Mrs. Daniels in the ballroom on the same evening. Over fifteen hundred invitations will be sent out to well known women of the bay cities, in club, social and political life. Although the Democratic League will not be restricted to members of the league or adherents of the same political faith, but will be extended to prominent women irrespective of platforms or policies. The league will receive an answer from Mrs. Daniels within a few days and will then proceed to perfect the tentative plans which have been formed by them for the function, which will be the largest and most elaborated affair of its kind yet attempted by the women of the bay section.

CHAUFFEUR WON'T TAKE HIS PAY IN DRINKS

Christ Petersen and a friend employed William Braxel, a chauffeur, to take them on a tour of the road houses and resorts. In doing so they ran up a large bill for auto hire, but Petersen apparently believed that he had in a measure settled by purveying alcoholic liquors to the chauffeur. Early this morning the party concluded their celebration and Braxel demanded his money. Petersen is said to have refused payment and Braxel telephoned for the police.

REBELLION IS NEAR IN CHINA

Eight Provinces Threaten to Form Southern Chinese Confederacy.

Attitude of Chinese Bitterly Resented: Accused of Stirring Up Strife.

PEKING, China, July 16.—The

Kwang Si, Fokien, Sze Chuen, Hu-Nan, Nuan-Hwei and Kwang Tung are preparing to declare their independence and to form a southern Chinese confederacy, according to apparently authoritative statements current here. Fighting continues in the province of Kiang-Si and large numbers of northern troops are proceeding there.

The attitude of the Japanese is bitterly resented on here. The Chinese believe they are stirring up strife everywhere and Japanese officers are said to be fighting on the side of the rebels. The presence of Japanese gunboats in the fighting zone lends color to this belief. The government openly claim that they have received assurances of Japanese support.

Commenting on an alleged speech by the Japanese minister designate to China in which Yuan Shi Kai's administration was criticized, the newspapers pointedly refer to the recall of Charles T. Denby, former United States minister to China, after his interview in Peking, and intimate that similar action would be advisable in the case of Enjiro Kamazawa.

NATOMAS'S BONDS DROP EXPLAINED

Tevis-Hanford Creditors Eager to Dispose of Security for Notes.

SAN FRANCISCO, July 16.—The reason for the recent depreciation of Natomas Consolidated bonds in the San Francisco stock market and bond exchange has been explained. There are \$500,000 worth and they were rated at par and deposited with banking firms, it is claimed, as security for notes of the Tevis-Hanford interest. When they became due the notes were not paid and the persons holding them who had loaned money began selling them immediately. As a result the sudden influx of Natomas on the market sent the price down from 96 to 85. Yet it is said the Natomas company is prospering.

A committee of stockholders of the San Francisco-Oakland Terminal railway is making appeals to the minority stockholders to obtain funds to hire an expert to inspect the books of the company and to determine if this step will be taken.

At yesterday's meeting of the trustees of F. M. Smith the matter of issuing \$4,000,000 in 6 per cent notes was discussed.

Dozen Convicted Since Rosenthal Was Slain

NEW YORK, July 15.—Former Police Lieutenant Charles S. Becker and his gunmen in Sing Sing prison undoubtedly recalled today that this is the anniversary of the murder of Herman Rosenthal, the gambler whose threats to expose the so-called police system of graft made him the victim of the murder plot which Becker investigated. The year which has elapsed since the murder has elapsed with even greater exposure of police conditions than might have come from Rosenthal's story of his death started investigation and prosecution which resulted in a dozen convictions of police and their allies in the alliance with criminals.

Charges Against Politician Dropped

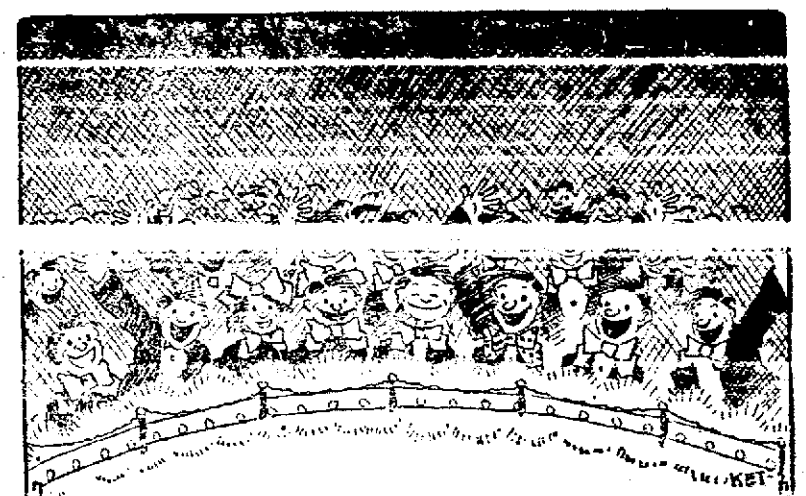

CINCINNATI, O., July 16.—Judge Caldwell, in the Common Pleas Court, today granted the motion of the defense and dismissed the case against George B. Cox, the former political leader and financier. Cox was on trial on the charge of misappropriating \$115,600 of the funds of the Cincinnati Trust Company.

West Virginian Is Convicted Briber

WEBSTER SPRINGS, W. Va., July 15.—Ruth Duff, a member of the West Virginian House of Delegates, was today convicted of bribery in connection with the late U. S. Senatorial campaign. Duff is the second member of the legislature to be found guilty.

ALLEGED SLAYER STILL AT LARGE

Murderer of Jewelry Salesman Resented Attention to Niece

SAN FRANCISCO, July 16.—John Riskos, a grocer's clerk, held to have been responsible for the murder at a late hour last night of Daniel Polipopolos, a jewelry salesman of 1612 Thomas street, has not been captured by the police, who searched for him all night and this morning. The killing was directly due to the infatuation of the dead man for Andriana Riskos, 22 years old, niece of the missing man. It is claimed that Riskos had wooed Polipopolos that he did not want him to marry attention to the young woman, and when the salesman entered the store of Babbas & Babbas, 1723 Railroad avenue, looking for his lady love, Riskos drew a revolver and fired. The first shot sent Polipopolos to the floor, but not fatally. Riskos stood over him, according to witnesses, and pumped four more shots into him. Riskos resides at 515 N. street, where a police officer in plain clothes stood guard all night waiting for his return.

**MANTELL AND MEEHAN
PRIMED FOR THIS
EVENING'S FRAY**

**Winner of the Bout Will Be
Reckoned a Middleweight
Contender--Gossip.**

(By THE TIMEKEEPER.)

THE outcome of the Willie Meehan-Frank Mantell 10 round battle scheduled for the main event of this evening's card of the Oakland Wheelmen's club which will be presented in the pavilion at Twenty-fourth street and the

ture than ordinary interest. The bout was something of a white hope elimination flavor only in this instance, it will probably result in the eliminating of a claimant for the middleweight title, which is at present in as tangled a state as is the heavyweight division.

Mantell, will if he succeeds in decisively easing the skids under the San Francisco newboy be reckoned as a formidable contender for first honors in that division, having met and defeated Bill Fiske, Frank Klaus and other so-called claimants for the middleweight

At Meehan can turn a similar trick on Mantell it gives a substantial boost up the ladder of pugilistic fame. Mantell put him in line for big matches. Both men have trained faithfully for the battle. By reason of past performances, Mantell would win over the San Francisco. He has a terrific punch concealed in both mitts and his hits with accuracy. Meehan is also a hard hitter and can assimilate quite a little punishment.

Fans who like slam-bang milling are

Henry Hickey and Frank Rome get together for their respective arguments. Hickey has trained for the bout and appears to be in excellent condition. He will have in his corner Willie Ritchie, lightweight champion, and Harry Foley, trainer-in-chief of the Los Angeles Rams. Rome has trained at the Yosemite club, where he has learned the Yosemite club has learned and also in fine form. Harry Bates, a local veteran who has met with fair success the best of the featherweights, will try conclusions with Babe Picato, a Los Angeles product who has met and held to a draw Bud Anderson and Red Watson.

Johnny McCarthy, who meets Toby Miller over a six round course, and Young Abe Attell, who will take on Kid Expositor in a similar stretch, are ready for the battle of the sweet young fists. Toby Irwin will act as referee and the first bout will begin promptly at 8:20 o'clock.

To Jim Coffroth, the promoter of "Evening" boxing at San Francisco, must go the plum for matching Sailor Ed Petroskey and Bob McAllister, former Olympic club man. Jim making the sanguine announcement that he has succeeded in bringing the clubman and sailor where they have "practically agreed to term for a 20 round match."

So many times has this been accomplished that it has gotten to be something of a habit for promoters to come through with this announcement. Jim says that he sure has the straight dope this time, but the "I'm from Missouri" atmosphere pervades this vicinity in such quantities that little faith will be placed in his announcement until forfeits are placed, referees chosen and the necessary articles signed.

Ad Wolgast has just about shot his bolt, the former lightweight champion finding his services of practically no value to coast boxing promoters. There was a possibility of Jim Coffroth matching Ad with Red Watson for next month, but Jones attempted to mulct too great a reward from Jim's roll so the match was not consummated, although Wolgast afterward much dickering finally agreed to Coffroth's terms. In the meantime, however, Coffroth had landed (?) McAlister and Petroskey, so he had no use for Wolgast.

A cable from Sam Langford, the Boston chocolate drop, says that he will arrive in San Francisco accompanied by his manager, Joe Woodman, in a few days. Woodman is a well known sportsman, some local man and his defe was not long in being accepted. Charley Miller the husky San Francisco motorman declaring that he would like a chance at the new heavy weight. Miller recently battered Jess Willard but over the line in four rounds and since then has been angling for a match with Gunboat Smith or Arthur Felsky. However, if he can land Langford, it will also him a chance to go along a new line to get to the top notches.

Norfolk in all sporting lines are what attract attention. Consequently, the stunt which Frank Schuch intended to pull off at the Pavilion ring on Friday night is causing lots of comment in boxing circles. Not only is this because there will be a big fight between Schuch and Staged, but because there will be half a dozen referees seen in action and a lot of green talent.

Expert seconds to look after the wants of the pugilists also are to be on hand. Snider Kelly and Edna Penion will pour words of advice into the ears of the fighters and there are to be all sorts of referees on the job. Billy Burke, of Suffolk, and Al Moore, of the Columbus club, Roy Lee of Hayes Valley, Doc Koehnstein, Harry Foley, Martin Lawlor of the Mission are some of the officials who will endeavor to make the ambitious youths safe.

The initial go is to be staged at 7:45 p. m. and the rounds are to be of only two minutes' duration while the green scrappers are in action. The first seven bouts will be the regulation three minutes. The first pair that will warm up the ring will be Artie Stein vs. Walter McDevitt, 130; to be followed by Kid Ford vs. Eddie Stanley, 135; Tommy Ross vs. Sailor Lee, 140; Sammy Dean vs. Joe Lapoint, 145; Jimmy Sullivan vs. Tom Daly, 155; Frank Farley vs. Al Romain, 160; Kid Wolf vs. Joe Taumain, 165; Willie Benn vs. Ed Greaser, 175; Charlie Greager vs. Soldier Horwood, 180; Sam Slavich vs. Stanley Dean, 185; Al Kreiger vs. Soldier Courtney, heavier; Sammy Trinkle vs. L. Keeling, 185; Hubber Robinson vs. Charlie Frazee, 190; Sailer Grande vs. Bob Ross, 195.

HOBART CHILDREN
VISITING PARENTHumor That Divorced Pair May
Become Reconciled
Quite Soon.

HILLSBOROUGH, July 15. — Walter Hobart's three children, Hannah, aged 16 years; Ruth, aged 15, and Walter, 9, were great pets of the father. Lavish preparations were made at the polo player's bungalow for their return, and the happy parent left no stone unturned to make their outing a happy one. Two fine animals were selected from the clubman's string of polo ponies and broken for the daughters.

It was only last March that a divorce was granted Mrs. Hobart. The children, however, remained with their father, and the father, who was a polo player, was a great pet of the father. Lavish preparations were made at the polo player's bungalow for their return, and the happy parent left no stone unturned to make their outing a happy one. Two fine animals were selected from the clubman's string of polo ponies and broken for the daughters.

JUDGE MORROW SAYS
HE WILL NOT RETIRE

SAN FRANCISCO, July 15.—Instead of retiring on his seventeenth birthday as he had announced several months ago, Circuit Judge W. W. Morrow yesterday determined to continue on the federal bench indefinitely.

Judge Morrow was 70 years old yesterday and it had been his intention to retire on full pay of \$10,000 a year, but he is personally in charge of so much work that he has postponed the date.

The jurist has been on the bench 24 years. He received many congratulations from friends.

SAILORS SCALDED.
BOSTON, July 15.—Henry A. Arena, an ordinary seaman, was fatally scalded and James Leary, a first-class electrician, was badly injured when a valve blew out yesterday in the dynamo room of the battleship Nebraska in the dry dock at the Charleston Navy Yard.

"BIG MIKE," PET TROUT,
SUCCUMBS TO BENT PIN

One bent pin has caused untold sorrow at the county infirmary. "Big Mike," the pride of the trout pond, tame enough to eat from the hands of his admirers and pet of the infirmary, is no more. A bent pin fastened to a piece of thread was found near the pond, and it is believed that this proved the undoing of the big fish.

"Mike" was one of the mountain trout placed in the pond by Dr. C. A. Willis, superintendent of the infirmary, and was one of the largest raised at the fish farm. Willis operated while experimenting with the many diseases of California streamers. He was two years old and particularly well beloved of Edward Ross, an aged inmate of the infirmary, who made Mike's care his special duty. Ross, going to the pond at noon yesterday to feed his pet, first discovered the loss.

"I loved that fish like a brother," declared Ross. "He was tame as a dog. He would come when I called and ate crumbs out of my hand. I used to bring food from my own dinner to him, and came every day at noon. He was always waiting for me."

"I have no idea who could have killed him. I have seen several strangers, and one had a long pole like that I found with the bent pin on the end of a string attached." A close watch will be kept on the pond in future.

POLICE SEEKING

EUGENE MANN
EUGENE MANNAided by Woman Alleged to Be
Accomplice, Law Casts
Dragnet

LOS ANGELES, July 15.—Aided by Mrs. Ida Morrison, alleged accomplice in the crime, the police continued today the search for Elmer Clayton, who was wanted by the justice department for having committed the assault on C. J. Carson, the aged jeweler, formerly of New Bedford, Mass., who was beaten and robbed yesterday of jewels valued at \$4000. The woman denied today any connection with the crime, but Carson, when he recovered consciousness after the attack, declared that he had known her for some time, as she lived near his store and that she came into the establishment with the man who assaulted him yesterday.

Mrs. Morrison, according to a department source, was arrested several months ago on the charge of having obtained goods from stores on the credit of Clayton, who had charge accounts. She also denied this.

If Clayton is apprehended, police officials said he would be examined with reference to his whereabouts on the day several weeks ago when Charles Pendell, the diamond broker and money lender, was attacked in his office by a man and a woman who robbed and killed him. Pendell's body lay for several hours in his office before it was found by his wife who came down town to find him.

OLDEST INSANE PATIENT.

NEW LONDON, Conn., July 15.—John Smith, a native of Old Lyme, who died at Brewster Neck Hospital for the Insane, at Norwich, on Saturday, was one of the oldest insane patients in the United States. He was the seventh patient admitted to the insane institution at Middletown, more than 50 years ago and it is estimated that his board in various asylums has cost the town of Old Lyme \$25,000.

LAWYER TAKES LIFE.

REDONDO BEACH, Cal., July 15.—George E. Overmyer, an attorney of Los Angeles, formerly of Topeka, Kas., drowned himself here last night in spite of violent efforts to rescue him. He had been discharged yesterday from a hospital here, where he suffered from epilepsy.

WOULD RENAME
MOUNT MCKINLEYEpiscopal Missionary Whose
Party Reached Summit
Will Urge Change

SEATTLE, July 15.—Mount McKinley, the highest peak in North America, will be given the name of Denali, an Indian word meaning "The Great One," if Archbishop Hudson Stuck, the Episcopal missionary whose party was the first to reach the summit of the great peak, is able to prevail upon the national board of geographic names to make the change. George F. Kilroy, an Alaskan newspaperman, who met the party at Tanana on its return from the mountain, arrived in Seattle yesterday. He said Archbishop Stuck, who will go to New York in October to attend the general convention of the Episcopal church, would urge the change in name upon the National Geographic Society, of which he is a member.

According to Kilroy, Archbishop Stuck collapsed just before the summit was reached and was dragged to the crest by his three companions, all of whom were held together by a rope. "Archbishop Stuck was the fourth man on the rope," said Mr. Kilroy. "He was literally dragged to the top, where he revived after a few minutes. There was not a flag in the party, and R. G. Tatum, a mission worker of Knoxville, Tenn., took his white silk handkerchief and with a red cord from a provision box and a blue handkerchief belonging to another member of the party, made an American flag, which was planted on the highest point. A cross made of a dog sled runner was carefully whittled out by Archbishop Stuck after the summit was reached."

SANTA FE WILL SPEND
BIG SUM ON SYSTEM

SAN FRANCISCO, July 15.—Millions of dollars will be spent in the next 18 months by the Santa Fe railroad for completion of its double-tracking system between here and Albuquerque, N. M., and for new equipment, according to the statement of Edward W. Chambers, vice-president in charge of traffic. Chambers arrived here yesterday on the first visit to San Francisco since he left here six weeks ago upon his promotion from passenger traffic manager to vice-president.

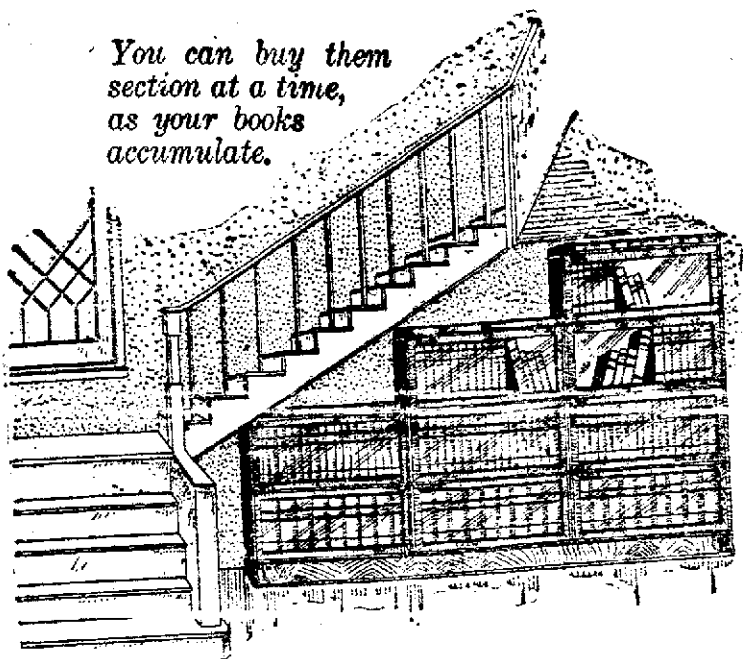

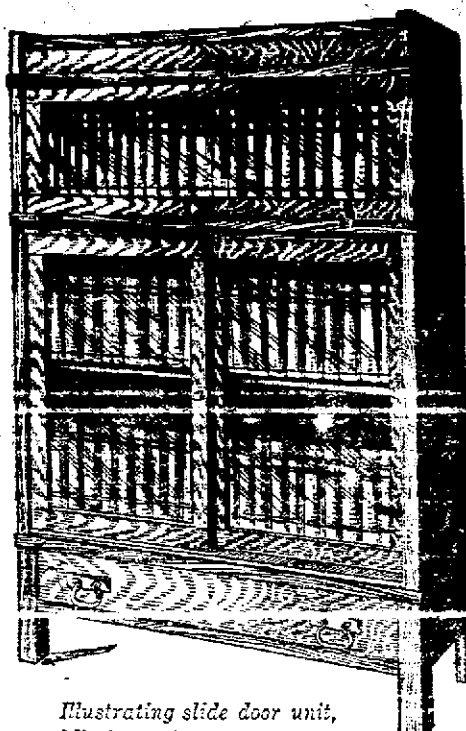

"The Santa Fe is overlooking nothing that will be of benefit to California," said Chambers. "Many millions will be spent for new equipment in the next 18 months, and by the time of the opening of the exposition the line will be completely double tracked between here and Albuquerque. The passenger-car equipment item alone will total a great sum, and the company is already putting in its orders. Every new coach will be all steel, for the company intends taking every safety precaution for those who will patronize the line for the exposition."

AUTOS CRASH IN PARK.

SAN FRANCISCO, July 15.—Edward Fitzgerald, of 2309 California street, was injured and two automobiles badly damaged in a head-on collision in Golden Gate park, near the museum, at 10 o'clock last night. The car, driven by George Murray, a chauffeur, was speeding toward the beach when the two machines came together. The other car belonged to George C. Adams, president of the Broadway Brewery company. Adams was accompanied by a brother, but neither was injured. Murray was arrested. Fitzgerald was taken to the park hospital. He was severely bruised about the neck.

ROBBER IS SHOT.

SALT LAKE CITY, July 15.—George Howell, 25 years old, was shot and probably fatally wounded at daybreak yesterday as he emerged from a drug store which he and an unknown companion had robbed. A special agent of the Denver and Rio Grande Railroad shot the man and, it is believed, wounded the other who escaped. The burglars entered the store by breaking a window and

MAN'S BODY IS FOUND;
WOMAN'S STILL MISSING

PORTLAND, Ore., July 15.—The body of C. B. Smith, who was lost on Mount St. Helens, Wash., Sunday, July 6, in a violent mountain storm, was found by a body of searchers with the neck and one arm broken, lying at the foot of the declivity half way up the mountain side, at a point called Butte Shaft. The man had apparently fallen over a cliff and had been instantly killed. The condition of the body indicated that death had probably occurred over a week ago.

The body of the Smith was found with his husband when the husband was taken from the rest of the party, had not been located, but the searching party is still on the mountain and the leaders expect to find her body near that of her husband.

Getting Your Money's Worth

IN buying your Piano or Player Piano is sometimes more difficult than it would seem. The one sure way to prevent future regret is to patronize a house of reputation and of unquestioned commercial standing. Select a Piano with a reputation back of it and pay a reasonable price.

THE LUDWIG ANGELUS PIANO

represents the very finest value at its price offered in America today. The Ludwig piano has been for years, because of its superb quality, the most popular of all medium priced pianos.

The Ludwig Angelus combines with Ludwig quality the most perfect piano-playing mechanism ever made--THE ANGELUS--Giving a maximum of musical perfection for a minimum of expended effort and skill in operation.

More essential and exclusive features are embodied in Angelus Players than in all others, yet their cost is no more than that of the indifferently good. Exchange your useless piano for a Ludwig Angelus. The balance on easy terms.
